There are typewriters in plenty. Only one

# Remington Typewriter.

It suggests all the others.

Now the others all suggest the Remington.

Think typewriter, and you think Remington Typewriter.

All typewriters write in type, but the Remington not only writes in type, but it does the best possible work with a minimum of effort on the part of the operator, at a minimum of cost to the owner.

It is the solid satisfaction that the Remington gives that has secured it its premier position in literary, professional, and commercial work.

# HACKNEY CARRIAGES IN EDINBURGH.

## FARES BY DISTANCE.

The distance to which any hackney carriage may be driven under these bye-laws shall be eight miles from the Cross of Edinburgh.

When a party not exceeding two grown-up persons, and without any luggage other than a bag or the like, enters a carriage at a stance, or when driving along disengaged, they shall be driven half a mile for 6d.; and if they return, they shall pay the same fare. The driver shall draw up to either side of the street when called; and if detained more than five minutes before starting, he shall be entitled to 6d. for waiting. *N.B.*—This rule shall not apply to fares from railway stations.

The fare shall be 1s. for any distance not exceeding a mile and a half for one or two adults, and for every additional half-mile or part thereof, 6d.; 1s. for any distance not exceeding one mile for three or four adults; and 6d. for every additional half-mile, or part thereof. Half fare returning.

The charges in the table shall include going from the stance or stable to the hirer's residence, and waiting ten minutes. But if the carriage be detained, before starting, more than ten minutes, a charge for waiting at the rate of 6d. for each quarter of an hour, or part thereof, after the expiry of the ten minutes, shall be allowed; and if the place where the hirer is to be taken up be beyond a mile from the stance or stable whence the carriage is taken, there shall be a charge of 6d. for such distance.

There shall be no charge for waiting while a hackney carriage is on the way to a destination unless the waiting before starting and the waiting by the way exceeds in all ten minutes; and when such waiting exceeds ten minutes it shall be charged for at the rate of 6d. for every additional quarter of an hour or part thereof.

When parties return, and the fare going is 1s., the carriage shall wait ten minutes without any charge for waiting; when 1s. 6d., fifteen minutes; when 2s. and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting, at the rate of 6d. for every twenty minutes or part thereof, commencing when the free waiting expires.

When a carriage is called but not used, a charge of 6d. shall be allowed, if the place to which it is called be under half a mile from the stance or stable, and 1s. if beyond that.

## FARES BY TIME.

It shall be in the option of the hirer to pay by time for a carriage employed within the municipal bounds, for SHOPPING, MAKING CALLS, and the like, where the driving is not continuous. The charge in such cases shall be 2s. for the first hour or part

thereof, and 6d. for every additional quarter of an hour or part thereof.

For an AIRING into the country within eight miles from the Cross of Edinburgh, and returning either by the same or a different road, the rate shall be 3s. for the first hour or part thereof, and 1s. for every twenty minutes or part thereof. Unless the hirer wishes a slower pace, the rate of driving when out an airing shall be six miles an hour. When hackney carriages are engaged by time, hirer must inform driver of same before starting. A drive round the Queen's Drive shall be at the rate of 3s. per hour.

### FARES BY DISTANCE OR BY TIME.

If there be more than four adults driven, a charge of 6d. extra shall be made for each additional adult, or for each two children above six years of age, and under twelve. No additional charge for one child above six to twelve, or children under six years.

Double fare—from twelve o'clock at night till seven o'clock morning. 1. When the hiring shall be by time the charge shall be double fare. 2. When the hiring shall be by distance, and the number of passengers shall not exceed four, the charge shall be double the fare as for one or two passengers. 3. For waiting, double charge shall be allowed. 4. The double charge shall not apply to luggage.

On Sunday the fares for such carriages as shall have been previously ordered or engaged, or hired elsewhere than on the public streets or stances, shall be fare and a half; but no extra charge is allowed when cabs are engaged on public stances or streets.

### LUGGAGE.

For luggage exceeding 100 lbs. in weight there shall be a charge of 6d. extra. But there shall be no charge for luggage under that weight.

### REDRESS.

Complaints for breaches of the foregoing bye-laws should be made at the Procurator-Fiscal's Office, 8 City Chambers, immediately.

The driver should deliver to the hirer a reference ticket, and exhibit his licence, bye-laws, and table of fares when required.

# RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

## INLAND LETTERS.

The prepaid rates of postage are as follows, viz.:—

For a letter not exceeding 4 oz. . . 1d.
For every additional 2 oz. . . . ½d.

A letter posted unpaid is chargeable on delivery with double postage; and if insufficiently prepaid, with double the deficiency.

Every letter should bear the name and address of the sender in order to ensure its return in case of non-delivery.

No letter may exceed 2 feet in length, 1 foot in width, or 1 foot in depth, unless it be sent to or from a Government office.

## COLONIAL AND FOREIGN LETTERS.

The rate of postage to be prepaid in the United Kingdom on letters for all Foreign Countries and some British Possessions is 2½d. per half ounce; but there are many British Possessions to which the letter rate is only 1d. per half ounce.

Letters posted unpaid, or paid only in part, to any country where prepayment is compulsory, are returned to the writers. Letters so posted for other countries are forwarded, but are charged on delivery with double the deficiency.

Unpaid letters from British Possessions to which penny postage applies are chargeable 2d. per half ounce. Unpaid letters from all other places are chargeable 5d. per half ounce. Partially paid letters are charged double the deficient postage within a limit of 5d. per half ounce.

Letters not specially directed by a particular route are, as a rule, forwarded by the first mail despatched.

Letters for Russia should have the name of the town and province added in English, French, or German.

No letter may exceed 2 feet in length by 1 foot in breadth or depth.

## POST CARDS.

Official post cards impressed with a halfpenny stamp, or reply cards impressed with a halfpenny stamp on each portion, can be bought at every Post Office.

The address, and the sender's name and address, and a request for return in case of non-delivery, but nothing else, may be written, printed, or otherwise impressed on the front. Nothing whatever may be attached except adhesive stamps in payment of additional postage or stamp duty, and a gummed label not exceeding 2 inches long and ¾ inch broad, bearing the address at which the card is to be delivered; nor may the card be folded, cut, or otherwise altered. An inland post card is transmissible for abroad if the additional postage is made by postage stamps. If any of these rules be infringed, the card ceases to be a post card, and is treated as a letter, and liable to the usual charges on delivery.

A private card becomes a post card when it has a halfpenny stamp affixed to its face. It must be composed of ordinary cardboard, not thicker than the material used for the official post cards. The maximum size must correspond as nearly as may be to the size of the inland official card, and the minimum size must not be less than 3¼ × 2¼ inches. The rules stated in the preceding paragraph also apply to private cards with one exception, viz. that which relates to cutting and altering. The essential feature of the private post card is that it must be prepaid. A private card posted unpaid is chargeable on delivery with double postage.

When, owing to a great and unusual influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with indiscriminately, post cards may be kept back until the next despatch or delivery (unless paid for and posted as late letters).

*Inland.*—Post cards are sold at the rate of 5½d. (thin) and 6d. (thick) for every 10; reply cards, at double rates.

*Foreign.*—Official post cards, single and reply, are transmissible to all parts of the world. Single cards are issued with impressed stamps of a 1d., and reply cards bearing stamps of the value of 1d. on each half. Inland post cards are also transmissible abroad if the additional postage required is supplied by means of postage stamps affixed to the cards on the address side. Plain cards without any inscription cannot be sent abroad as single or reply post cards. Unpaid post cards from places abroad are charged 2d. each. Partially paid cards are charged double the deficient postage within a limit of 2d.

Private post cards bearing adhesive stamps of the value of 1d. and private reply cards with adhesive stamps of the value of 1d. on each half may be sent as post cards to places abroad, provided they are in conformity with the official post cards.

## INLAND NEWSPAPERS.

For each inland newspaper, whether posted singly or in a packet, the postage, when prepaid, is one halfpenny; but a packet containing two or more registered newspapers is not chargeable with a higher rate of postage than would be chargeable on a book packet of the same weight.

A newspaper or a packet of newspapers posted unpaid is charged double postage, and if posted insufficiently paid with double the deficiency.

Any publication fulfilling the following conditions can, upon payment of an annual fee of 5s., be registered at the General Post Office for circulation within the United Kingdom as a newspaper.

The conditions are as follows:—

The publication must consist wholly or in great part of political or other news, or of articles relating thereto, or to other current topics, with or without advertisements.

It must be printed and published in the United Kingdom, and must be published in numbers at intervals of not more than seven days.

The full title and date of publication must be printed at the top of the first page, and the whole or part of the title and the date of publication at the top of every subsequent page; and this regulation applies to 'Tables of Contents' and 'Indexes.'

A supplement must consist wholly or in great part of matter like that of a newspaper, or of advertisements, printed on a sheet or sheets, or a piece or pieces of paper put together at some one part of the newspapers, whether gummed or stitched up

with the newspapers or not; or it must wholly or in part consist of engravings, prints, or lithographs illustrative of articles in the paper. It must in every case be published with the newspaper, and have the title of the newspaper printed at the top of every page, or at the top of every sheet, or side on which any such engraving, print, or lithograph appears.

Every newspaper or packet of newspapers may be posted either with or without a cover, but entirely open at both ends, and folded so as to admit of easy examination; and in order to ensure their return in case of non-delivery, the name and address of the sender, with a request for their return, must be placed on the upper left hand corner.

A registered newspaper, or a packet of registered newspapers, must not contain any enclosure except the supplement or supplements belonging to it, otherwise such will be charged as a letter, or is transferred to the Parcel Post and charged with a fine of 1d. in addition to any deficient parcel postage, whichever charge is the lower.

All publications not so registered are subject to the rates and regulations of Book Packets.

A packet must not exceed 5 lbs. in weight, or exceed 2 feet in length or 1 foot in width or depth.

## HALFPENNY PACKETS.

The undermentioned articles are transmissible for a postage of one halfpenny provided that they conform to the regulations given below, and do not exceed 2 oz. in weight. Above that weight they are liable to the letter postage of one penny for the first 4 oz., and one halfpenny for every additional 2 oz., and are subject to the letter post regulations. Halfpenny packets if posted unpaid are chargeable with double postage.

(*a*) Books and other publications or works of a literary character, and any other written or printed matter not being in the nature of a letter (on paper or on some substance ordinarily used for writing or printing).

(*b*) Sketches, drawings, paintings, photographs, engravings, maps, plans, and charts on paper or on some substance ordinarily used for the purpose, provided it is not a brittle or exceptionally fragile substance.

(*c*) The binding or mounting of any article hereinbefore described, provided such binding or mounting be of a kind ordinarily used for the purpose, be not made of glass or any brittle or exceptionally fragile substance, and be transmitted in the same packet with the article in respect of which it is used.

(*d*) *Invoices, orders for goods, advice notes, way-bills, bills of lading, receipts, statements of account, prices current, market reports.*—That nothing appear in writing on the document save dates, the names and addresses of the parties, the particulars and prices of goods, or the particulars of sums of money to which the document relates, and the mode of consignment of any such goods or money. That any matter (other than aforesaid) which may be in the nature of a letter shall be wholly in print, and shall relate exclusively to the subject matter of the document, or the terms on which business is transacted by the person or firm from whom the document issues.

(*e*) *Manuscript for press and printed proofs with corrections and instructions.*—That any written or printed matter not forming part of the document itself refer solely to the arrangement or correction of the type or the execution of the work.

(*f*) *Educational exercises and examination papers, with comments, corrections, and instructions.*—That any written matter not forming part of the document itself refer solely to the subject matter of the exercises or to the questions put or the answers thereto.

(*g*) *Circulars, that is printed notices and letters.*—That nothing appear in writing except corrections of errors in the print. The date of despatch, the name and address and description of the sender and the name of the addressee may be inserted in writing.

(*h*) *Index or reference numbers and letters.*—That when the circular is a notice of meeting or appointment, the place, date, and hour, and, in the case of a notice of meeting, the objects of the meeting may be inserted in writing. That when the circular is a polling card, the name and address of the voter and his number on the register may be inserted in writing.

(*i*) *Printed visiting cards, printed invitation cards or letters, Christmas, New Year, Easter, and birthday cards.*—That they conform to the conditions for circulars as given above, except that there may be added in writing formulas of courtesy or of a conventional character, not exceeding five words or initials, in current use in social intercourse, such as "At home," "P.P.C.", "with thanks for kind enquiries," "change of address," etc.

(*j*) *Papers impressed for the use of the blind, deeds, agreements, proposals and policies of assurance, powers of attorney, proxy papers, voting papers, certificates, licences.*—That nothing appear in the document in writing or print which does not form part of the document as a legal instrument.

(*k*) *Notices, reports, returns and certificates issued, made, or given by officers of a Court of Justice, or other public officers in the discharge of their duties, and returns or reports made to public officers or public bodies.*—That the document consist of a printed form. That any written matter on such document consist merely of information or statements appropriate to the form and necessary to the completion of the document.

If any two or more of the above mentioned documents appear on the same sheet of paper, they must be kept wholly from one another.

(*l*) Anything necessary or convenient for the safe transmission of any of the before-mentioned articles by post when transmitted in the same packet with the article in respect of which it is so used.

Expressions referring to print or printing shall be taken to refer to any species of type-printing easy to recognise, and to include any mechanical process ordinarily used to produce a number of identical

copies of written matter, and easy to recognise, such as lithography and hand-stamping. Documents wholly or partly printed in type-writing characters, or reproduced from a type-written original by a mechanical process ordinarily used to produce a number of identical copies, are not admissible by the halfpenny post unless—(*a*) they are handed in at the Head or Branch Post Offices, such documents are also accepted provisionally at Town Sub-Offices and at certain of the more important rural Sub-Offices, subject to their being found in order when examined at the Head or District Office to which they are sent; (*b*) special attention is called to their nature; (*c*) at least twenty copies are posted at the same time.

Expressions referring to writing shall be taken to include type-writing or any mechanical or other process ordinarily used to produce a single document.

It should be noted that samples of goods, patterns of cloth, etc., cannot be sent at the halfpenny rate.

Every halfpenny packet is subject to examination in the post. Every halfpenny packet must be posted either without a cover or in an unfastened envelope, or in a cover which can be easily removed for the purposes of examination without breaking any seal or tearing any paper or separating any adhering surfaces. A packet posted without a cover may not be fastened or otherwise treated so as to prevent easy examination. No halfpenny packet may contain or bear any communication in the nature of a letter, not being matter coming within the definition of such packet or being expressly allowed. No paper money may be posted or conveyed or delivered by post. This rule does not apply to a halfpenny packet containing a stamped proxy paper, or to a halfpenny packet containing a stamped and addressed post card, wrapper, or envelope forwarded by the sender of the packet in order that such card, wrapper, or envelope may be returned through the post to such sender or some person designated by him.

If any of the rules relating to a halfpenny packet be infringed, the halfpenny packet will be treated as a letter.

Packets prepaid one halfpenny bearing on the outside the name and address of the sender, with a request for their return in case of non-delivery are delivered to the sender on payment of a second postage. Such request must be placed on the front of the packet in the upper left hand corner. Those bearing no such request are destroyed.

A halfpenny packet must not exceed 2 feet in length, 1 foot in width, or 1 foot in depth, unless it be sent to or from a Government office.

When, owing to an unusually heavy influx of letters, books, etc., the transmission or delivery of the letters would be delayed if the whole mail were dealt with indiscriminately, book packets may be kept back till the next despatch or delivery.

Articles which may be sent to places abroad under the Book Post Regulations consist of two classes, as follows:—

(*a*) Commercial Papers, under which are comprised all papers or documents written or drawn wholly or partly by hand (except letters or communications in the nature of letters, or other papers or documents having the character of an actual and personal correspondence), documents of legal procedure, deeds drawn up by public functionaries, copies of or extracts from deeds under private seal (and whether written or printed on stamped or unstamped paper), way bills, bills of lading, invoices, and other documents of a mercantile character, documents of insurance and other public companies, all kinds of manuscript music, the manuscript of books and other literary works, and other papers of a similar description.

(*b*) Printed Papers, including newspapers, periodical works, books (stitched or bound), pamphlets, sheets of music, visiting cards, address cards, proofs of printing (with or without the manuscript relating thereto), engravings, photographs, pictures, drawings, papers impressed for the use of the blind, or cardboard drawing, models stamped in relief, plans, maps, catalogues, prospectuses, announcements, and notices of various kinds, whether printed, engraved, autographed, or lithographed, and in general all impressions or copies obtained upon paper, parchment, or cardboard by means of printing, lithography, autography, or any other mechanical process easy to recognise, except the copying press and the type-writer, and anything usually attached or appurtenant to any of the before-mentioned articles in the way of binding, mounting, or otherwise, and anything convenient for their safe transmission by post which shall be contained in the same packet; also printed, engraved, or lithographed circulars, notwithstanding that such circulars may be letters or communications in the nature of a letter. Postage stamps, whether obliterated or not, and all printed articles constituting the sign of a monetary value, are, however, excluded from transmission by Book Post to countries in the Postal Union. On printed visiting cards the address or title of the sender, or conventional initials, such as 'p. p. c,' may be written, and on printed circulars manuscript corrections and insertions may be made as to names of commercial travellers, dates of their journey, dates of departure of ships, names of parties invited to meetings, and the place, date, and object of the meetings. Printers' proofs may be corrected in manuscript, as may also figures in prices current, stock and share lists, etc. Books, papers, music, photographs, and engravings may have a dedication inscribed on them, and the invoice relating to them may be enclosed.

The rate of postage to be prepaid in the United Kingdom on printed papers for all places abroad is ½d. per 2 oz. The postage on commercial papers is 2½d. for the first 10 oz., and ½d. per 2 oz. thereafter. If not fully prepaid, double the deficiency will be charged on delivery.

If there be any mixture of commercial and other papers in the packet, the whole is treated as commercial papers.

Printed papers from places abroad, of which the postage is insufficiently prepaid, will be charged on delivery with double the deficient postage within a limit of a 1d. per 2 oz.; and on insufficiently paid commercial papers the charge to be made will not exceed 5d. up to 10 oz., and 1d. per 2 oz. for heavier weights.

Commercial and printed papers may be posted either without a cover (in which case it must not be fastened, whether by means of gum wafer, sealing wax, postage stamp, or otherwise), or in an ordinary letter envelope left wholly

unfastened, or in a cover entirely open at both ends so as to admit of the contents being easily withdrawn for examination. For the greater security of the contents, however, it may be tied at the ends with string which can be easily unfastened.

All books and printed matter imported into the United States through the Post, however small the value, are subject to a duty of 25 per cent. of that value, except periodicals and newspapers already exempt from duty, photographs, and printed papers other than books, received in such small quantities as to suggest that they are for personal use and not for sale.

Books and periodicals addressed to the Republic of Colombia are liable to customs duties, unless intended for the personal use of the addressee. Books, whether bound or unbound, addressed to Uruguay, are liable to customs duties unless the whole value of those sent to one addressee is less than 100 francs (£4). All books for Venezuela are prohibited, save unbound books relating to science, arts, or crafts.

Bound books sent to Portugal by post are subject to Customs duty. The wrapper should bear an indication of the nature of the contents, and the words 'en douane.'

The limits of size for packets for the British Colonies or Possessions or to non-Union countries or colonies are 24 × 12 × 12 inches; but to foreign countries in the Postal Union the length is limited to 18 in. If in the form of a roll the limits of size in either case are 30 × 4 in. To British Colonies or Possessions, and non-Union countries or colonies, the limits of weight are 5 lb.; and for foreign countries in the Postal Union, 4 lb.

Although books sent to Italy, whether bound or unbound, are in strictness liable to Customs duties, they are admitted by book post provided they are not sent in considerable numbers to any one person.

In Belgium books, newspapers, periodicals, maps, charts, printed music, prints, and artistic engravings and lithographs are allowed to be imported by post; but other printed papers are subject to Customs duty; and their transmission by post is prohibited, unless they are sent singly or in small quantities, as specimens.

In France engravings, prints, drawings, and chromo-lithographs are liable to Customs duty, and cannot be sent to that country in quantities sufficiently large to have a saleable value, but small quantities can be sent as *bonâ fide* specimens.

In Spain all books, printed or manuscript music, chromo-lithographs, engravings of all kinds and industrial products (*if bonâ fide samples*) received by post are liable to the ordinary Customs duties only.

In Canada and in Victoria advertising pamphlets, circulars, etc., are liable to Customs duty.

In South Australia advertising matter, including catalogues, is liable to Custom duty.

In Queensland, advertising matter other than catalogues and prices current are liable to Customs duty.

In India works of art (including photographs), ruled and printed forms, account and manuscript books, labels, advertising circulars, sheet or card almanacks and calendars, Christmas, Easter, and other cards, and toy books, are liable to Customs duties, unless sent in small quantities by private individuals for private use; any such articles considered by the Indian Post Office to be merchandise will be delivered only on payment of Customs charges.

## COLONIAL AND FOREIGN SAMPLE POST.

The use of the Sample Post to the colonies and foreign countries generally is restricted to *bonâ fide trade samples of merchandise.* Packets containing goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another which are not actually trade samples or scientific specimens, cannot be forwarded by Sample Post.

The postage to be prepaid in the United Kingdom is 1d. for the first 4 oz., and ½d. per 2 oz. thereafter. Insufficiently paid packets are forwarded to places abroad, but are charged on delivery with double the deficiency. Insufficiently paid packets from places abroad will be charged double the deficient postage within a limit of 2d. up to 4 oz., and of 1d. per 2 oz. for heavier weights.

Samples, when practicable, must be sent in covers open at the ends, and in such a manner as to be easy of examination. But samples of seeds, drugs, and such like articles, which cannot be sent in covers of this kind, may be posted enclosed in boxes or in bags, fastened in such a manner that they may be readily opened.

There must be no writing or printing upon or in any packet for non-Union countries except the address of the person for whom it is intended, the address of the sender, a trade mark or number, and the price of the articles, the weight or size and the quantity to be disposed of, or such as may be necessary to indicate the place of origin or the nature of the merchandise. A sample for a country in the Postal Union may contain, besides these particulars, any printed papers, and, if the rate applicable to commercial papers be paid, it may also contain commercial papers.

Samples of saleable value must not be sent to any foreign country, or to any British possession included in the Postal Union. Samples of eider down, raw or thread silk, woollen or goats' hair thread, vanilla, or isinglass, are considered to fall under this rule if they weigh more than three ounces, and samples of tea if they weigh more than eight ounces.

Such articles as scissors, knives, razors, forks steel pens, nails, keys, watch machinery, metal tubing, pieces of metal or ore, may be sent, provided that they be packed and guarded so as to afford complete protection to the contents of the mail bags and the officers of the Post Office, while at the same time they may be easily examined. Packets containing liquids, glass, greasy substances, colouring powders, and live bees can be sent by sample post from the United Kingdom to countries in the Postal Union. No article liable to Customs duty can be sent as a pattern or sample.

A packet or samples sent to any British Colony or Possession or non-Union country, must not exceed 24 × 12 × 12 in., but to any foreign place comprised in the Postal Union a packet must not exceed 12 × 8 × 4 in., unless it be in the form of a roll, in which case the limit of size is 12 × 6 in.

The limit of weight for packets of samples for British Colonies or Possessions, or for non-Union countries, is 5 lb., but for foreign countries in the Postal Union the limit is 12 oz.

## INLAND PARCEL POST.

In order that a packet may go by Parcel Post, it must be tendered for transmission as a parcel,

and should bear the words 'Parcel Post' clearly written in the left-hand top corner. It is also desirable that a parcel should bear the name and address of the sender on the cover, but not in such a position as to be mistaken for the address of the parcel. The parcel should not be left until the weight, size, and postage have been tested by the officer who accepts it.

The size allowed for an Inland Postal Parcel is—

| | |
|---|---|
| Greatest length, . . . . | 3 ft. 6 in. |
| Greatest length and girth combined, | 6 ft. 0 in. |

For example:—A parcel measuring 3 ft. 6 in. in its longest dimension, may measure as much as 2 ft. 6 in. in girth, or, if shorter, may be thicker.

The rates of postage are—

| | |
|---|---|
| Not exceeding 1 lb. in weight, . . . | 3d. |
| Exceeding 1 lb. and not exceeding 2 lbs., | 4d. |
| „ 2 lbs. „ „ 3 lbs., | 5d. |

And so on at the rate of 1d. for every additional lb. up to 11 lbs., which is the limit of weight.

The postage must *be paid in advance*, by means of postage stamps, which should be affixed by the sender. Officers of the Post Office are strictly forbidden to affix stamps for the public. Parcels may be paid in money at General Post Office, provided that the amount is not less than 20s. In posting a parcel it should be handed over the counter, and care taken to let the officer who accepts it know that it is intended for transmission by *Parcel Post*. In no case should the parcel be posted in a letter-box.

A certificate of the posting of a parcel can be obtained at any post office, and any one who desires to secure compensation without registration should fill up one of these forms with the name and full address of the person to whom the parcel is directed, when it will be the duty of the officer in attendance to check and date stamp the form, to sign it, and to hand it back to the person presenting it. One form of certificate is sufficient for any number of parcels posted at one time by the same person, or collected from a firm, provided that a list is furnished, to be checked against the parcels, showing the names and full addresses, and the amount, of postage prepaid on each. (As to certificates for registered parcels, see under registration and compensation, pp. 1006, 1007.)

The prohibitions against the sending by post of anything indecent, or explosive, or of any living creature except bees, or of any enclosure bearing an address different from that borne on the cover in which it is enclosed, are the same in the case of parcels, as in the case of letters and other postal packets.

China, crockery, eggs, fruit, fish, meat, etc., which may not be sent by Letter Post, may be sent by Parcel Post, if packed with special care. Liquids or semi-liquids, such as jellies, pickles, paint, varnish, etc., must be put into bottles or cases securely stoppered. Any parcel containing eggs, or fragile, or perishable contents, should be conspicuously marked 'Eggs,' or 'Fragile—with care,' or 'Perishable.'

Parcels for post will be collected from firms or private persons when the number to be called for amounts to 10 a day or 50 per week.

If a packet bearing the words 'Parcel Post' is not posted in accordance with the regulations, it is treated as a letter or book packet, if it is fully prepaid at the rate proper to either, and is otherwise in accordance with the letter post regulations; but if not fully prepaid at the letter post rate, it will be treated as a parcel, and charged on delivery with a fine of 1d., together with the deficient postage, if any, at the Parcel rate.

A customs declaration must be made in the case of parcels for the Channel Islands.

To offices where letters may be addressed 'to be called for,' parcels may also be so addressed; such parcels are liable to a demurrage charge of 1d. a day after one clear day. The maximum charge is 1s. 5d. Such parcels are kept for three weeks. If at the end of one week the parcel is not claimed, and it bears the name and address of the sender on the outside, a notice is posted to the sender intimating that the parcel has not been called for. No demurrage is charged on parcels addressed to persons beyond the town free delivery or on board ship.

## COLONIAL AND FOREIGN PARCEL POST.

For countries, dimensions, and weight, see p. 1021.

The rules as to prepayment, method of address, and posting are the same as with inland parcels.

*Customs Declaration and Duties.*—Parcels are liable to customs regulations and duties, and the sender of a parcel is required to make a customs declaration furnishing—upon a special form provided for the purpose—an accurate statement of the contents and value and other particulars. The declaration form should, if possible, be filled up in both English and French. Customs duties will be collected on delivery. In addition to customs duties, a charge of 6d. per parcel for stamp duty, clearance, etc., is levied on all dutiable parcels entering Cape Colony, Natal, the British Central African Protectorate, and the Transvaal. This charge is increased to 1s. in the case of those for Rhodesia, and 1s. 6d. in the Orange River Colony. In most European countries, and some others, a fee of 2½d. per parcel is leviable for delivery and Customs formalities. In Honduras and Salvador the fee is 1 centavo for each 4 oz., with a minimum of 5 centavos. On parcels for British East Africa, including Uganda, insurance is confined to parcels for Killindini, Mombasa, and Lamu.

Parcels for the Argentine Republic are subject to a non-postal charge of 1 peso on delivery.

Parcels for the Lower Congo are liable to a charge of 1 franc, and parcels for the Upper Congo to a charge of 6 francs, on delivery.

Parcels for Natal, Orange River Colony, Rhodesia, North and South, Transvaal, St. Helena, and uninsured parcels for Egypt and Zanzibar, may not exceed £50 in value.

*Delivery of Parcels.*—In many Colonies and foreign countries parcels are not, like letters, delivered at the residences of the addressees. Notice of the arrival of a parcel is sent to the addressee, who must then claim the parcel at the Post Office, Railway Station, or Custom House where it is lying.

In Belgium, France, and Spain parcels are delivered by the Railway Companies, and not by the Post Office; and parcels intended to be called for should not be addressed to a Poste Restante in those countries, but to a Railway Station (*en gare*).

*Insurance of Colonial Parcels.*—Parcels to or from certain British Colonies and Possessions are accepted for insurance. The names of the places may be learned at any Post Office.

The fee for insurance is 5d. for £12, and no parcel can be insured for more than £120. No

compensation, either for loss or damage, will be given in respect of any article which may not be sent by the Inland Parcel Post, or anything which, though admissible by the Inland Post is inadmissible under the Colonial Parcel Post. Further, no compensation will be given in respect of a parcel in which money is enclosed.

*Re-direction and Return of Parcels.*—Parcels arriving in this country and re-directed from one address to another in the United Kingdom will be treated and surcharged under the regulations which govern the treatment and surcharge of re-directed parcels by the Inland Parcel Post.

If a parcel cannot be delivered as addressed, or is refused, the sender, if his address be given on the parcel or on the forms which accompany the parcel, is communicated with by the Post Office as to the manner in which the parcel shall be disposed of.

If returned or re-directed from one country to another, the parcel will be charged a full rate of postage.

Parcels re-directed to this country from Portugal, Spain, Turkey, and some other countries are, in addition to the postage, charged the customs duty leviable in the country from which they are re-directed.

A parcel should be properly packed and sealed by the sender, so that it cannot be opened without breaking the seal.

### EXPRESS DELIVERY.

Letters and parcels are accepted at the General Post Office and the Branch and Sub Telegraph Delivering Offices, to be forwarded immediately by messenger direct to any part of the Edinburgh and Leith postal area. Any express packet, letter, or parcel, not exceeding 5 lbs. in weight, may be delivered by foot messenger up to a distance of three miles if the sender does not wish to pay for a special conveyance. The express fee chargeable in this case is 3d. per mile. For distances of more than three miles the cost of a special conveyance must be paid in all cases, if no public conveyance is available, in addition to the express fee. Subscribers to the Telephone Exchange of the Post Office or its licensees and renters of private wires terminating at a Post Office, can use their wires for the purpose of summoning a messenger for the express delivery of letters or parcels. Every packet must be handed over the counter, and the words 'Express Delivery' written above the address, on the left-hand corner. *Replies and Returns*—When a reply or further service is required by the sender, the words 'Wait Reply' or 'Further Service' should be written by the sender above the address of the letter, and the messenger is allowed to wait 10 minutes free of charge; but after that time 2d. is charged for every quarter of an hour or part thereof. When a packet on a return or further service is taken to an address on the messenger's homeward route, or within half a mile of the Post Office from which the messenger originally started from, half only of the milage rate is charged. A Telegraph messenger on delivering a Telegram may, if desired, take back to the Post Office where he is employed a postal packet for Express Delivery. The charges must be prepaid by the sender. The charge for such service being from the residence of the sender. From the General Post Office, Edinburgh, delivery is effected at all hours day and night, except between 11.30 p.m. on Saturdays and midnight on Sundays. From 10 p.m. till 7 a.m. letters should be handed in at the North Bridge entrance.

*Single Letters conveyed by Railway.*—Railway letters not exceeding 4 oz. in weight, for transmission by train or steamship, may be handed in to any post office from which express delivery is made, for immediate conveyance to the railway stations, at the above rates.

### CONVEYANCE OF SINGLE POST LETTER BY RAILWAY.

Certain Railway Companies have entered into agreement with the Postmaster-General to accept and convey by the next available train or steamboat single inland post letters, not exceeding 4 oz. in weight, either to be called for at the station of address or to be transferred there to the nearest post office letter box for delivery by postman. The letter must be taken to the parcel booking office, and when that office is shut to the passenger booking office. The charge for such a letter is 3d.—postage stamp 1d., and 2d in cash to the Railway Company.

## SPECIAL CONDITIONS OF TRANSMISSION.

### ADDRESSES AND PETITIONS TO THE KING AND PARLIAMENT.

Petitions and addresses to the King, forwarded direct or through a member of either House of Parliament, are exempt from postage. Petitions to members of either House so addressed are also exempt, provided they do not exceed 2 lbs. in weight, and, sent without covers, are in covers open at the ends.

### PARLIAMENTARY PROCEEDINGS.

Printed votes or proceedings of the Imperial Parliament, sent in open covers, having the words 'Parliamentary Proceedings' written or printed thereon, are subject to no limits of size and weight, and are liable only to a rate of ½d. for every 2 oz., whether prepaid or not.

### PARLIAMENTARY NOTICES.

Parliamentary Notices may be posted at any Money Order Post Office in the United Kingdom:—

The words 'Parliamentary Notice' must be written or printed on the face of the letter; and in order to secure the speedy return of any notices which may be undelivered, the name and address of the Solicitor issuing such notice should also be printed or written on the face of the letter.

Notices which, by the standing orders of either House of Parliament, are required to be served on or before the 15th December or the 15th April, must be posted not later than the 12th December or the 12th April, and on the 11th if the 12th be a Sunday; and those notices which, by the same orders, may be served on or before the 21st December or the 21st April, must be posted not

later than the 18th, or if the 18th be a Sunday, not later than the 17th.

The postage (letter-rate) chargeable on these notices, and the registration fee of 2d., must be prepaid by stamps.

The notices must be posted at the Post Office counter, accompanied with duplicate lists of the addresses; the notices being arranged in the order of the list; and if they correspond with the addresses, the sheets will be signed and stamped, and one of the duplicate lists will then be returned to the person who brought the letters, and the other forwarded to the Secretary, General Post Office, London.

The hours for receiving such notices are the same as for the registration of ordinary letters, unless they be presented at such a time as to interfere with the other duties of the office; in which case the postmaster may appoint any other time within the next twenty-four hours for receiving the same, provided that such arrangement do not delay the posting beyond the date prescribed in each case as the latest day of posting. Senders should, if possible, arrange on the previous day with the postmaster as to the most convenient time for posting, and state the probable number.

## NON-COMMISSIONED OFFICERS, SOLDIERS AND SEAMEN IN H.M. SERVICE.

Letters, etc., for the officers and crew of H.M. Ships are, as a rule, forwarded in accordance with lists of addresses furnished from time to time by the Admiralty, but any superscribed 'to be sent as addressed,' will be so forwarded.

The postage payable on letters addressed to H.M. ships abroad is 1d. per ½ oz., and the same postage is payable in British stamps on letters sent in the bags made up on board H.M. ships.

Letters, etc., for commissioned officers in the army or navy are liable to the same rates of postage as those for the general public.

Non-commissioned officers, schoolmasters, schoolmistresses, private soldiers, seamen, writers in H.M. Navy, whether serving on sea or land, at home or abroad, the Cape Mounted Rifles, and enrolled pensioners in Canada, can send and receive prepaid letters, not exceeding half an ounce, for a postage of 1d.

If the letter be posted in the United Kingdom, unpaid or insufficiently prepaid, or if the class or description of the soldier or seaman be not given, it will be returned to the writer for payment of the postage.

The name of the soldier or seaman, with his class or description, must appear in the direction, and the officer having the command must sign his name, and specify the ship or regiment, corps or detachment, to which the soldier or seaman belongs, the name of the ship or regiment being entered in full. The foregoing particulars must be given in one of the following forms:—

From *A. B.*, Sergeant, etc., —— Regt. ——
(*Here the direction of the letter to be inserted.*)
*C. D.*, Colonel (*or other Commanding Officer*),
—— Regt. ——

To *A. B.*,
Private (*or* Sergeant, Corporal, etc.) —— Regt. ——
(*Here the direction to be finished.*)

## FOR PASSENGERS ON BOARD MAIL PACKETS.

Special arrangements are made for the delivery of letters addressed to passengers on board the Union Castle Company's packets for the Cape, etc., sailing from Southampton, the packets for the United States calling at Queenstown, the Canadian packets calling at Londonderry, the Pacific Steam Navigation Company's packets for Brazil, etc., calling at Lisbon, the Peninsular and Oriental packets from Brindisi with mails for Egypt, connecting at Port Said with the packet for India, Australia, China, etc., and the Orient packets from Naples with mails for Australia,—such letters may be posted in any part of the United Kingdom up to the time at which ordinary registered letters to go by the same packets are received; but they must be registered, and fully prepaid, and addressed to the 'care of the commander of the packet.'

The letter should be addressed thus—Mr. —— on board the mail packet —— for —— at —— care of the commander of the packet.

## LETTERS BY PRIVATE SHIPS.

Letters intended to be sent by private ship must be addressed 'By Private Ship;' and if by a particular vessel, the name of the ship must be added. The postage of a letter by a private ship is the same as by mail packet.

---

# REGULATIONS AS TO PREPAYMENT, REGISTRATION, ETC.

## MODES OF PREPAYMENT.

Inland letters, newspapers, and book packets can only be prepaid by means of postage stamps, except at the General Post Office, Edinburgh, where inland letters, post cards, book packets, and parcels may, from 10 a.m. to 4 p.m., be prepaid in money, provided the amount be not less than £1, and that the letters and halfpenny packets be tied in separate bundles of 5s. each, with the addresses arranged in the same direction.

## REGISTRATION (INLAND AND FOREIGN).

Letters, etc., must be prepaid as regards both postage and registration fee; except official letters for Government Offices in London, Dublin, or Edinburgh, which may be registered on prepayment, in stamps, of the registration fee only.

To some foreign countries a letter can be registered only to the port of arrival, and to a few countries there is no arrangement for registration.

No letter or postal packet addressed to initials or to a fictitious name can be registered, unless addressed to the care of a person or firm. Every article presented for registration should be enclosed in a strong cover securely fastened.

Every letter, etc., to be registered must be given to an agent of the Post Office, and a receipt obtained for it, and should on no account be dropped into the letter-box. If an article marked 'registered' be dropped into the letter-box, *directed to any place*

*in the United Kingdom*, it will be liable to a registration fee of 4d. (less any amount prepaid for registration), instead of the ordinary fee, and if posted containing coin, watches, or jewellery without being registered, will be treated in like manner.

Letters containing coin for any of the British colonies not in the Postal Union can be registered, and if posted unregistered, they are treated as inland letters under similar circumstances.

Letters containing coin, jewellery, or precious articles, cannot be accepted for registration to many of the countries in the Postal Union; nor can a letter with the declared value of its contents marked outside, unless it be insured.

The sender of an inland registered letter or packet may obtain an acknowledgment of its due delivery by paying at the time of posting an additional fee of 2d., and filling up the necessary form, and should a like acknowledgment be desired for a letter addressed to a foreign country or British colony in the Postal Union, a fee of 2½d. is required.

Registered letters require to be posted at General Post Office thirty minutes, and at the sub-offices fifteen minutes before the closing of the box for ordinary letters; but upon payment of a late fee of 4d. they may be registered at General Post Office until the closing of the letter-box for ordinary letters for each despatch.

The registration of a packet makes its transmission much more secure, as it can be traced through its whole course; and thus the loss of a registered packet is a very rare occurrence. Nevertheless, large sums of money or other articles of great value should not be sent through the post, as the machinery of the department is not arranged with a view to such transmissions. If sent unregistered, valuable articles are exposed to risk.

## INLAND REGISTRATION AND COMPENSATION.

The ordinary registration fee for each inland letter, parcel, or other postal packet is 2d.

The Postmaster-General will (not in consequence of any legal liability, but voluntarily, and as an act of grace), subject to the rules for the time being, give compensation up to a maximum limit of £5 for the loss and damage of Inland Registered Packets upon which this fee has been paid, in addition to the postage. Subject to the same rules he will grant compensation beyond £5, and up to a limit of £120, upon payment of a fee in addition to the postage and the ordinary registration fee. These fees (which in each case include the ordinary registration fee of 2d.), and the respective limits of compensation, are as follows:—

| Registration Fee. | 2d | 3d | 4d | 5d | 6d | 7d | 8d | 9d | 10d | 11d | 1s | 1/1 | 1/2 |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| Limit of Compensation. | £ 5 | £ 10 | £ 20 | £ 30 | £ 40 | £ 50 | £ 60 | £ 70 | £ 80 | £ 90 | £ 100 | £ 110 | £ 120 |

### Rules.

*Posting and Packing.*

The postal packet must be posted in accordance with the rules for the time being, and a certificate of posting, bearing thereon an acknowledgment that the fee for registration and compensation has been paid, must be obtained.

The contents of the postal packet must be packed and enclosed in a reasonably strong case, wrapper, or cover, and if it be desired to secure compensation for damage to a postal packet (other than a parcel), such postal packet must bear the words 'Fragile, with Care,' on the face of the cover above the address.

The packet must be marked with the word 'Registered,' and with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus:—

Registered, 2d.; Registered, 3d.; and so on.

The registered Parcel Post will be available for watches and jewellery. Money may also be sent in a registered parcel, but no compensation will be given in respect of the loss or damage of such parcel or of any of its contents.

*General Conditions.*

No compensation either for loss or damage will be given in respect of a postal packet containing any article which may not under the regulations in force for the time being be lawfully sent by the post by which it is in fact sent; or a packet (other than a letter) containing any money; or a letter containing any money, unless it be enclosed in a registered letter envelope provided by the Postmaster-General, and—

(*a*) If containing coin, unless the coins are packed and enclosed in such a way as to move about as little as possible.

(*b*) If containing any bank note, unless the name of the bank of issue, and number and amount, and (where necessary) the date of the note be supplied to the Postmaster-General when required.

(*c*) If containing any postal order, unless the amount and number of such order be supplied to the Postmaster-General when required.

(*d*) If containing any bill of exchange, bond, coupon, or other order or authority for the payment of money or security for money, unless particulars sufficient to identify the document be supplied to the Postmaster-General when required.

The compensation given in respect of the loss or damage of coin shall not in the case of any letter exceed the sum of £2 whatever be the amount of coin contained in such letter.

No compensation will be given in respect of damage to a postal packet containing eggs, soft fruit, or any liquid or semi-liquid; or containing any article of an exceptionally fragile character, or any other article which from its nature cannot with reasonable safety be sent by post; or containing a perishable article where the damage arises from natural decay, and the postal packet is delivered without undue delay; or (other than a parcel) which is not marked 'Fragile, with Care.'

But in all such cases compensation will be given for the loss of the postal packet or of any article contained therein.

Where a postal packet (other than a parcel) is marked 'Fragile, with Care,' may be slightly delayed in transit, as it may be diverted from the quickest to some other route to ensure greater safety.

In every case it must appear that the loss or damage did not arise wholly or in part by the fault of the sender, and that it occurred while the postal packet was in the post.

The compensation given will in no case exceed the value of the article lost or the damage sustained.

Compensation for damage to the contents of a

registered packet will be strictly in accordance with the fee paid and the amount of damage done, no matter what the original total value of the contents may have been.

The Postmaster-General will in every case either of loss or damage, if he thinks fit, reinstate the contents of a postal packet instead of giving pecuniary compensation.

Where compensation is given for the loss of a postal packet, or of any article contained in a postal packet, the Postmaster-General will reserve the right to retain and dispose as he thinks fit of the postal packet or of the missing article, in case it should subsequently come into his hands.

In no case will the Postmaster-General give compensation for injury or damage consequential upon the loss, damage, or delay of a postal packet or any article contained therein.

Without prejudice to any of the preceding rules, the Postmaster-General will, if he thinks fit, refuse to give compensation for loss or damage on any ground on which a common carrier might in like case claim exemption from legal liability.

*Claims for Compensation.*

Every application for compensation should be made within seven days after the date on which the postal packet was posted, and the certificate of posting should be produced when required.

Where the application relates to the damage of the packet, or to the damage or loss of any article contained therein, the packet should be retained for inspection as nearly as possible in the state in which it was delivered. When the complaint is that the contents have been abstracted, the envelope must accompany the application.

Where a postal packet when delivered bears signs of injury, the recipient should call attention to the fact of such injury at the time of delivery, and, if possible, open the postal packet in the presence of an officer of the Post Office.

The compensation payable in respect of a registered parcel will be in substitution for and not in addition to any compensation which would have been payable in case the parcel had not been registered.

This scheme of registration and compensation does not apply to Foreign and Colonial registered postal packets.

The several Postal Administrations of the countries belonging to the Postal Union undertake to pay an indemnity of fifty francs in the event of its being proved to their satisfaction that a registered letter itself has been lost whilst in their custody, but no question of compensation is entertained by them for, or in respect of, the loss of the enclosure of any such letter.

No town postman is allowed to take a letter to be registered; but rural postmen can do so on their walks.

*Definition of Terms.*

The term 'postal packet' means and includes any letter packet, post card, book, newspaper, parcel, or other article transmissible by the Post in accordance with the regulations in force for the time being. The term 'money' means and includes coin and paper money. The term 'coin' means and includes coin of all kinds whether or not current in the United Kingdom or elsewhere. The term 'paper money' means and includes notes of the Bank of England and Ireland or of any bank of issue in the United Kingdom, and notes current in any Foreign State or British Possession; money orders and postal orders; unobliterated postage or revenue stamps; exchequer bills, bank post bills, bills of exchange, promissory notes, cheques, credit-notes which entitle the holder to money or goods, and all orders and authorities for the payment of money, whether negotiable or not; bonds, coupons, and securities for money, whether negotiable or not. The term 'watch' means a small timepiece intended to be carried in the pocket or on the person. The term does not include the works of a watch if of no intrinsic value apart from the workmanship. Watch cases of gold or silver are included within the definition of jewellery. The term 'jewellery' means and includes gold or silver in a manufactured or unmanufactured state (not electro or other plated goods), watches and jewels, diamonds and precious stones, and any article of a like nature, which, apart from the workmanship, has an intrinsic or marketable value. The term 'United Kingdom' includes the Channel Islands and the Isle of Man.

*Inland Parcels.*—For a parcel which is not registered the Postmaster-General will accept liability up to £2, without payment of any fee, provided that the parcel is posted in the manner prescribed for the posting of parcels by the regulations for the time being, and a certificate of posting is obtained from the officer receiving the parcel, and produced when required. The certificate must be filled up by the sender and handed to the officer, who will sign and return it to him. The parcel must be packed and enclosed in a reasonably strong case, wrapper, or cover.

No compensation either for loss or damage will be given in respect of a parcel containing anything which may not be sent according to the regulations for the time being, or if containing money, nor of a parcel containing a watch or jewellery, unless registered.

No compensation will be given in respect of a parcel containing eggs, soft fruit, or any article which from its nature cannot with reasonable safety be sent by post.

*Parcels for Abroad.*—Particulars as to compensation for loss or damage between certain British Colonies, dependencies, and foreign countries can be learned at any Post Office. The rate for insurance between the United Kingdom and certain British Colonies and dependencies is 5d. for every £12 up to £120.

## RE-DIRECTION.

Letters, halfpenny packets, post cards, and newspapers, are not liable to additional postage for re-direction, whether re-directed by an officer of the Post Office or by an agent of the addressee after delivery, provided that the letters are re-posted not later than the day (Sundays and public holidays not being counted) after delivery, and that they do not appear to have been opened, but if re-posted later than the day after delivery are charged at the prepaid rate. Any which appear to have been opened will be charged as unpaid letters or packets.

Whenever it may be thought necessary, a receipt may be required from the addressee of a re-directed letter at the second address.

Parcels are, when re-directed, liable to additional postage at the prepaid rate for each re-direction. But re-directed parcels are not subjected to additional postage if the original and corrected addresses are both within a delivery from the same Post Office.

A registered letter or packet, when re-directed,

should be taken back to the Post Office to be dealt with as a registered letter.

The Post Office does not undertake the re-direction of letters, etc., for a person temporarily leaving his home, unless the house be left uninhabited, or of letters, etc., addressed to hotels, boarding-houses, or lodgings.

The principle of free re-direction, which is adopted throughout the Postal Union for letters, post-cards, commercial papers, printed papers, and sample packets, does not exempt from additional postage letters, etc., which, though fully prepaid for the first transmission, are re-directed to a country to which the postage is higher than that originally prepaid. Thus a letter or packet prepaid at the inland rate, sent from one place to another in the United Kingdom and afterwards re-directed to a place abroad, should have additional stamps affixed to it representing the difference between the inland and the foreign rate of postage, otherwise the difference will be charged on delivery. The same treatment would be adopted with a letter or packet fully prepaid for the inland service of a foreign country or colony and re-directed to the United Kingdom. But a fully paid letter or packet coming here from abroad and re-directed would not be chargeable for re-direction unless the postage from the place of origin to the final destination were higher than the postage from the place of origin to this country. Letters originally posted unpaid, and letters or packets posted insufficiently paid, and subsequently re-directed, though not chargeable for re-direction, are subject to the ordinary charge of double the deficient postage on delivery.

Letters for commissioned officers in the army or navy, on actual service, are exempt from any charge for re-direction, and also to the usual regulations as to time of reposting. Letters, etc., returned to the senders that they may rectify or complete the address, are not, when re-posted, treated as re-directed, but as liable to fresh postage.

Notices of removal and applications for letters, etc., to be re-directed must in all cases be duly signed by the persons to whom the letters are addressed; printed forms of notice can be obtained at the local office and the General Post Office, or from the postman. A separate notice must be filled up for parcels. Persons who are about to change their residence should inform their correspondents beforehand of their intention.

No person living within the town free delivery, unless he rent a private box, can obtain his letters at the General Post Office.

*Private Boxes and Bags.*—The fee for a private box is £3 per annum; and if for a private bag, £1 additional; and if for parcels, an additional fee; and for combined private box and delivery, £3: for delivery from one address to another (removal excepted), 21s.; and for private delivery of registered letters only, a fee of 5s.

One or more stamps may be used to make up the requisite amount, care being taken to cancel the stamps by writing the signature (or initials) and the date across each stamp.

Payment of postage cannot be made by means of postage stamps which have been cut, torn, or otherwise rendered imperfect; or of embossed or impressed stamps, cut out from the envelopes, cards, or wrappers on which such were embossed or impressed.

Stamps bought from the public—

Persons wishing to sell postage stamps must fill up a form, obtainable at any post office, stating the value of the stamps, and the name, address, and occupation of the vendor. The form and stamps should then be handed in at any Money Order Office and an acknowledgment obtained. An order for the face value of the stamps, less 5 per cent. commission, will be sent by post from the chief office of account, London, Dublin, or Edinburgh. No smaller amount than £1 worth will be purchased from one person.

In consequence of representations made to the Post Office by various firms, that there is reason to believe that their postage stamps were purloined by persons in their employ, the department recommend that the name or initials of firms, etc., be perforated through the stamps. Postmasters are instructed not to purchase such stamps.

## ARTICLES NOT ALLOWED TO BE SENT BY POST.

No indecent or obscene print, painting, photograph, lithograph, engraving, book, card, or other article, or any article having thereon any words, marks, or designs of an indecent, obscene, libellous, or grossly offensive character, nor can any explosive, dangerous, or noxious substance, any living creature, except bees, or anything likely to injure the contents of the mail bag or the person of any officer of the Post Office. The sender of any such packet is liable to prosecution.

The transmission by letter post of coin, gold, silver, precious stones, jewellery, etc., is prohibited in those countries of the Postal Union marked thus (*) at p. 1019. Uncut diamonds may, however, be sent by post to Canada and America Special prohibitions in Bulgaria, Cape of Good Hope, Dutch East Indies, Italy, Norway, Servia, Transvaal, and United States of America—anything relating to foreign lotteries.

In the Cape of Good Hope, Natal, New Zealand, and Queensland—jewellery and precious articles, if dutiable, are liable to detention until the duty is paid.

In Spain the transmission by letter post of all dutiable articles is prohibited, and such articles sent contrary to this prohibition are liable to a fine of from five to ten times the duty.

In Victoria—jewellery is dutiable and liable to confiscation.

## MISCELLANEOUS REGULATIONS AND SUGGESTIONS.

No information can be given respecting letters which pass through a post office except to the persons to whom they are addressed; and in no other way is official information of a private character allowed to be made public.

Postmasters are not allowed to return any letter, parcel, or other packet to the writer or sender, or to any one else, or to delay forwarding it to its destination according to the address, even though a request to such effect be written thereon.

Postmasters are not bound to give change, nor are they authorized to demand it; and when money is paid at a post office, whether as change or otherwise, no question as to its right amount, goodness, or weight can be entertained after it has been removed from the counter.

Postmasters are not bound to weigh any letters or other packets for the public, but they *may* do so if their duty be not thereby impeded. This rule does not apply to parcels.

If a letter be forwarded under cover to any postmaster with a request that he will re-post it at his office, the letter, on being re-posted, will be endorsed with the words 'posted at ———, under cover, to the Postmaster of ———.'

To facilitate the delivery of letters, a letter-box should be affixed to every house door.

Every address should be legible and complete, and every letter should contain the full address of the writer, in order to ensure its return if the person to whom it is directed cannot be found.

Letters which cannot be delivered are kept from one to three days, according to circumstances, before being returned, unless addressed 'to be called for,' when they are retained one month, and if addressed to a ship, two months before being returned.

## MONEY ORDERS.

Money Orders are issued and paid at General Post Office, from 8 a.m. to 9 p.m.; at Branch and Sub Offices, 8 a.m. to 9 p.m.

When applying for Money Orders, the public should use the printed Requisition Form, which is supplied gratuitously at all Money Order Offices.

The commission on Inland Money Orders is:—

| | | | |
|---|---|---|---|
| For sums not exceeding £1 | | . . . | 2d. |
| Above £1 | ,, 3 | . . . | 3d. |
| ,, | ,, 10 | . . . | 4d. |
| ,, 30 | ,, 40 | . . . | 10d. |

No Money Order can be issued, unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, and the remitter's address.

Money Orders may be made payable to a particular person (designated either by name or by an official title or description) or to a firm or business undertaking or corporation or society or joint stock company, and may be made payable at any Money Order Office. An ordinary Money Order when issued is handed by the postmaster to the remitter to be transmitted by him to the payee, and a separate advice is sent from the Issuing Office to the Paying Office, containing information as to the amount and as to the name of the payee and of the remitter.

The remitter of an Inland Order may direct, at the time of issue that the order be crossed like a cheque thus, '& Co.,' in order that it may be paid only through a bank. In that case he may give or withhold the name of the payee. The designation of the bank need not be furnished.

2nd. If the remitter or payee be a peer or a bishop, his ordinary title is sufficient.

3rd. The usual designation of a firm, as well as the ordinary title of any company, corporation, or society, is sufficient, either as remitter or payee.

The holder of an inland Money Order may direct, by crossing it, that it be paid through a bank, even although not originally intended.

When application is made for a Money Order payable in London, or at any other town where there is more than one Money Order Office, the remitter should say at which of such offices he wishes it to be paid; otherwise it can be drawn only upon the Head Office. It is not incumbent on a postmaster to supply such information relative to local or provincial offices.

If the remitter of a Money Order issued and payable in the United Kingdom is desirous of delaying payment for any period not exceeding ten days, he must, at the time of the issue of the order, fill up and sign the request printed at the foot of the Money Order, and inform the postmaster, in order that a note may be made on the order and advice for the information of the office of payment.

If, when an order is presented for payment (otherwise than through a bank), it is properly signed, and the party presenting it can give the name of the remitter, it will be paid, unless the postmaster has good reason for believing that the applicant is neither the rightful claimant, nor

deputed by the payee. When an order is presented through a bank, crossed with the name of the bank by some person known to be in the employment of the bank, the usual formalities on presentation are dispensed with. In the case of a money order payable to any company, corporation, or society, the money order must be stamped in the receipt space with the name of the company mentioned in the advice as the payee, and be presented by an individual known to be authorised to receive monies on behalf of such company. In cases where no stamp is used, the individual must receipt the money order by writing the name of the company and also his own name.

Money Orders do not require a receipt stamp.

At the end of twelve months from that in which it was issued, a Money Order, if still unpaid becomes legally void, nevertheless, when a good reason can be given for the delay in presenting it, an application for payment, subject to a deduction of 6d., is entertained.

No application can be entertained for compensation for alleged injury from the non-payment of a Money Order at the expected time.

After once paying a Money Order, by whomsoever presented, the office is not liable to any further claim.

To guard against fraud, the remitter is recommended—

1. When he is well known to the payee, to sign the letter enclosing the order with his initials only.
2. When this is not the case, either to make the order payable ten days after date, or to register the letter enclosing it, or to make the order payable through a bank by crossing it like an ordinary cheque.
3. When it is not considered expedient to adopt either of these courses, to send the remitter's name (without a knowledge of which payment cannot be obtained) in a separate letter from that containing the Money Order.

Immediate payment of a Money Order on presentation is not guaranteed; and delay is possible, especially in the case of orders for large amounts drawn on small offices.

In case of the miscarriage or loss of an inland Money Order in transmission through the post, a duplicate is granted on a written application giving particulars to the Controller of the Money Order Office in England, Scotland, or Ireland, as the case may be, where the original order was *issued*. Should an order be lost by the remitter or payee, an additional commission of 6d. (which should be forwarded in postage stamps with the application for a duplicate order) will be charged. If it be desired to stop payment of an inland order, a notice, in which 4d. commission in postage stamps must be enclosed, must be sent to the office where the order is payable. If alteration in the name of the payee or remitter of an inland Money Order be required, application, accompanied by a 1d. postage stamp, must be made by the remitter to the postmaster of the office at which the order was issued. Should transfer of payment of an inland order from one office to another in the United Kingdom, or repayment of the amount of an order, be required, an application enclosing the order must be made to the postmaster at whose office the order is payable, who will transmit in exchange a new order payable at the place desired, but for a less sum than the original order by the amount of the second commission. Proper printed forms for making applications in all these cases may be obtained at any Money Order Office. Whenever, on complaint being made, it is found that the payment of a fresh commission has been rendered necessary by the fault of an officer of the Post Office, the charge will be remitted.

A postmaster is required to give information how to apply for a duplicate order, etc., and must furnish the prescribed form of application. If payment of an order be refused in consequence of the replies to the questions respecting the remitter, or the signature on the order, not corresponding with the entries in the advice, the applicant for payment should communicate with the remitter, and request him to apply personally to the issuing postmaster.

Money Orders for amounts not exceeding £50 are issued, free of charge, in favour of 'The Commissioners of Inland Revenue,' when required for the remittance of Income Tax, Inhabited House Duty, Land Tax, or Excise Duties, or Legacy, Succession, and Death Duties. The official notice to pay must, in each case, be presented for inspection when the order is applied for.

### *Telegraph Money Orders (Inland).*

Money may be transmitted by Telegraph Money Order between all Offices authorized to transact Telegraph and Money Order business, with the exception that at those Offices which forward but do not deliver Telegrams, Telegraph Money Orders can be issued but not paid.

The hours for the issue and payment of Telegraph Money Orders is 8 a.m. to 8 p.m.

No single Telegraph Money Order can be issued for a greater amount than £40.

The charges for Inland Telegraph Money Orders are as follows:—

1. A Money Order poundage at the ordinary rate for Inland Money Orders.
2. A supplementary fee of 2d. for each Order.

In addition to the commission, a charge is made at the ordinary inland rate for the official telegram authorising payment at the office of payment, and for the repetition thereof, the minimum being 6d. The telegraph charges only cover the cost of transmitting the official telegram of advice to the postmaster of the office of payment, and its repetition. Any telegraphic communication which the remitter may wish to despatch to the payee with regard to the order must be paid for at the ordinary inland rate.

Any person expecting a remittance by Telegraph must produce satisfactory evidence that he is the person entitled to receive the money.

Should repayment of a Telegraph Money Order be required, the remitter must make application to the Controller, Money Order Office, G.P.O., London, Edinburgh, or Dublin, as the case may be, enclosing the receipt. A new order will then be issued, less the ordinary commission, payable at any Money Order Office named for the purpose.

In other respects, Telegraph Money Orders are subject to the regulations which govern the transmission of ordinary Money Orders.

### *Telegraph Money Orders (Foreign).*

Telegraph Money Orders are now exchanged with Austria, Belgium, Egypt, France, Algeria, Germany, Holland, Hungary, Italy, Luxemburg (Grand Duchy), Netherlands, Norway, Roumania, Sweden, Switzerland.

The charges for Orders issued in the United Kingdom are as follows:—

A Money Order commission at the ordinary rate for Foreign Money Orders.

A charge for the Telegram of Advice at the ordinary rate for telegrams to the country of payment.

A supplementary fee of 6d. for each Order.

The remitter is allowed, on paying for the additional words required, to add to the Official Telegram of Advice any short communication which he may wish to send to the payee.

The general regulations relating to Foreign Orders and Inland Telegraph Orders apply, so far as they are applicable, to Telegraph Orders exchanged with foreign countries; but when the payee is a woman, the prefix 'Mrs' or 'Miss' should be included in the designation of the payee in the telegram of advice, in order to prevent risk of delay in payment.

*Money Orders (Foreign and Colonial Service).*

When applying for Money Orders payable in places abroad, the public should fill up the special Requisition Forms supplied for the purpose, and should be careful to comply with the directions given thereon.

The limit of amount for a single Order is for some countries £10, for others £20, and for others again £40.

| | s. | d. |

| and so on, up to a limit of £40 . . . . | 5 | 3 |

The issuing postmaster will hand to the remitter, either—

1. A Money Order to be forwarded by post to the payee for presentation at the office of payment; or,
2. A certificate of issue, in which case payment will be made by means of an Order which will be issued by the postal administration abroad.

The list of countries given below shows which system applies to each country.

As the advices of Orders drawn on places abroad have to be examined in the Money Order Department, London, before the particulars are advised to the paying country. Such Orders should be taken out a day (or, in remote places, two days) before the dates fixed for the despatch of the mails.

The currency in which payment is made, the rate of conversion from sterling, when necessary, and the poundage, if any, deducted in cases where payment in the country of destination is arranged through the medium of another country. Particulars of which can be seen in any Post Office.

Before payment in places abroad, the advices have to be examined, or Money Orders have to be issued by the different postal administrations concerned.

Payment is subject to the regulations of the country of payment. In foreign countries the payee may be, and generally is, required to produce documentary evidence of his identity before payment is made.

Orders issued in the United Kingdom for payment in places abroad are valid for twelve months after the month of issue, except Orders payable in Austria, with its agencies, Hungary and Chili, which are valid for six months only after the month of issue.

The payees of Orders issued in the various British possessions, etc., excepting India, Aden, and British Central Africa, in France, Hawaii, Porto Rico, the United States, and by the British Post Offices in Constantinople, Panama, Salonica, Smyrna, and Tangier, should receive the Orders direct from the remitters.

The advices of these Orders have to be examined in the Money Order Department, London, before despatch to the offices of payment.

In all other cases the payee will receive Orders issued by the Money Order Department, London, from the particulars supplied by the country of origin.

Tables of conversion showing the equivalents in British money of the amounts of Orders issued in places abroad can be learned at any Post Office.

*Transfer of Payment.*—Postmasters in this country have power to transfer to other Offices in the United Kingdom payment of Foreign and Colonial Money Orders originally drawn on their own offices. Forms of application for transfer of payment are obtainable at all Money Order Offices.

*Stoppage of Payment.*—Application for the stoppage of payment of an Order issued abroad, for payment in the United Kingdom, should be made direct to the Post Office where the Order is payable, and should be accompanied by a fee of 4d. in postage stamps.

Applications for duplicates of Money Orders payable in the United Kingdom should be made to the Controller of the Money Order Department, London, and should be accompanied by a fee of 6d. in postage stamps.

With the exceptions of France and Algeria, and the British Post Offices in Constantinople and Smyrna, Salonica and Panama, duplicates of Money Orders payable in places abroad are issued by the Chief Office of the country of payment on application by the payee.

Those marked thus * in the following list denote that the certificates of issue should be retained by the remitters. The payees will receive payment on orders issued by the postal administrations abroad.

In the case of all other countries an Order will be handed to the remitter to be transmitted by him to the payee.

(T) indicates that Telegraph Money Orders are exchanged with these countries.

## POSTAL ORDERS.

British Postal Orders for certain fixed sums are now issued in the United Kingdom, India, New Zealand, Malta, Gibraltar, the Straits Settlements, Hong Kong, British Guiana, Newfoundland, and at the Agencies of the British Post Office at Ascension, Constantinople, Smyrna, Salonica, and at Panama, for payment in the United Kingdom, New Zealand, and at the Agencies of the British Post Office at Ascension, Constantinople, Smyrna, Salonica, and Panama. Payment is also made in Malta and Gibraltar, provided the orders were issued in the United Kingdom, or at one of the British Post Offices at Constantinople, Smyrna, and Salonica, or at the British Postal Agency at Panama.

The following are the amounts for which Postal Orders are issued, together with the poundage payable in respect of each order:—

| | |
|---|---|
| 6d., 1s., or 1s. 6d., . . . . | ½d. each. |
| 2s., 2s. 6d., 3s., 3s. 6d., 4s., 4s. 6d. 5s., 7s. 6d., 10s., or 10s. 6d., . | 1d. each. |
| 15s. or 21s., . . . . . | 1½d. each. |

Broken amounts may be made up by affixing postage stamps not exceeding 5d. to the face of the order.

The person to whom a Postal Order is issued must, before parting with it, fill in the name of the person to whom the amount is to be paid, and may fill in the name of the Money Order Office at which the amount is to be paid. The person so named must, before payment can be made, sign the receipt at the foot of the order, and must also fill in the name of the Money Order Office, if that has not been already done.

Every person obtaining a Postal Order should keep a record of the number, date, and office of issue to facilitate inquiry in case of loss.

If a Postal Order be crossed, payment will only be made through a banker, and if the name of a banker is added, payment will only be made through that banker, and no Postal Order will be paid, even though presented for payment by a banker, unless the name of the payee be inserted in the body of the order.

The holder of a Postal Order may, in writing, on the face thereof, direct that payment be deferred for any period not exceeding 10 days; but in such case the name of the Money Order Office at which the Order shall be paid must be inserted in the body.

A Postal Order presented by or through a banker for payment will not (in the absence of an express arrangement between such banker and the Postmaster-General to the contrary) be paid until after such order has been examined at the Chief Office in London.

After a Postal Order has once been paid, to whomsoever it is paid, the Postmaster-General will not be liable for any further claim.

If any erasure or alteration be made, or if the order is cut, defaced, or mutilated, payment may be refused.

A postmaster may require the person presenting an order to sign his name on the back before its payment although the receipt has already been signed

After the expiration of three months from the last day of the month of issue, a Postal Order will be payable only on payment of a commission equal to the original poundage, and an additional poundage will be charged for every period of three months, or portion thereof; and the commission thus paid must be affixed in postage stamps on the back of the order.

Postal Order business is transacted during the hours at which postage stamps can be purchased.

## POST OFFICE SAVINGS BANKS.

Post Office Savings Banks are established at all Money Order Offices, and are open for bank business during the same hours as for money orders.

Deposits of one shilling, or of any number of shillings, may be made, but no one may deposit more than £50 in one year ending 31st December, and £200 in all, inclusive of interest. Subject to the limit of £200, a depositor may, besides depositing £50 in the year, deposit in any year ending 31st December one sum or several sums for the purpose of replacing in whole or in part the amount of any one withdrawal previously made in the same year. In addition, deposits will be received for immediate investment in Government Stock, and in connection with Government Insurance and Annuities Cheques are accepted as Savings Bank deposits.

Every deposit must be entered at the time in the depositor's book by the person receiving it, who will also sign and date stamp the entry. A depositor should carefully examine his book before leaving the office, and see that the entry is correct.

In addition to the receipt in the book, the depositor will receive an acknowledgment by post from the Savings Bank Department London.

Any person desirous of saving one shilling by means of penny contributions for deposit, may do so by purchasing with every penny so saved a Penny Postage Stamp, and affixing it to a form to be obtained at any Post Office.

Interest at the rate of £2, 10s. per cent. per annum is allowed until the sum amounts to £200. When the balance due in an ordinary account, inclusive of accumulated interest and dividend, exceeds £200, interest on £200 only is allowed. The calculation is made from the first day of the calendar month next following the day on which a complete pound shall have been deposited up to the last day of the calendar month preceding the day on which a warrant for repayment is issued; and after 31st December the interest is added to the principal.

Deposits may be made—

(A.) By persons of full age, and not under legal disability.

(B.) By married women.

(C.) By children 7 years old and upwards.

(D.) On behalf and in the names of children under 7 years old. In this case the money is not repayable until the children attain the age of 7, and is then payable to their signatures only.

(E.) On behalf of insane persons by the committees of their estates.

(F.) By two or more persons jointly on their own behalf. In this case neither person must have any other account in a Savings Bank, and the signature of both persons will be required to a notice of withdrawal.

(G.) By one person as trustee for another person, also named in the account. The signatures of both persons will be required to a notice of withdrawal. A person may act as trustee in any number of accounts, and at the same time have an account in his own name.

(H.) By a duly registered friendly society, through its trustees. In this case deposits may be made without limit.

(I.) By a duly-registered Industrial and Provident Society, not chargeable with Income Tax. In this case deposits may be made without limit.

(J.) By a charitable or provident society, penny bank, or similar institution, through the trustees or treasurer. In this case deposits may be made to the extent of £100 in any one year, and £300 in the whole, and if the consent of the National Debt Commissioners be obtained, without limit.

(K.) By societies, limited companies, and other corporations not coming under (H), (I), or (J). In these cases the ordinary limits apply.

(L.) By vicars and rectors of parishes and other official persons, being corporations sole, in their official titles. In these cases the ordinary limits apply.

Societies wishing to deposit under (H), (I), (J), and (K), must first apply for authority to the Controller of the Savings Bank Department, sending a copy of their rules in the case of a society or other institution.

(M.) In the name of the Registrar of any County Court. Under the 70th section of the County Courts Act, 51 and 52 Vict. cap. 43, 'trust moneys' not in excess of £500 may be thus deposited; and under the 71st section, money paid into a County Court in 'equitable proceedings' may be deposited by the Registrar without restriction as to amount; and under the Workmen's Compensation Act to the extent of £300.

All deposits standing in the sole name of a married woman domiciled in England or Ireland, will be deemed, unless and until the contrary is shown, to be the separate property of such married woman; and the fact that any deposit is standing in the sole name of a married woman, will be considered *primâ facie* evidence that she is entitled to withdraw and receive the same, without the concurrence of her husband.

Payment of deposits by a married woman domiciled in Scotland, will take place subject to the provisions of the Married Women's Property (Scotland) Act, 1881.

Any woman who marries while she is a depositor, should forward to the Controller of the Savings Bank Department a certificate of her marriage, together with her deposit book, and the deposits will thereupon be entered in her married name.

Once in each year, on the anniversary of the day on which the first deposit was made, the depositor should forward the deposit book to the Controller of the Post Office Savings Bank Department in London, in order that it may be compared with the books of the department, and the interest due to the depositor inserted in it.

No charge is made for the book at first supplied to a depositor, or for books issued in continuation thereof; but if any depositor shall lose his book, and shall desire a new book, he must apply by letter to the Controller of the Savings Bank Department, enclosing postage stamps or a Postal Order of the value of 1s. to pay for the new book. Notice of the loss of a book should immediately be given to the Controller.

When a depositor wishes to make a withdrawal from his account, he should fill up and forward to the Savings Bank Department a notice of with-

drawal, which he can obtain at any Post Office Savings Bank. He will then receive by post a warrant, which he should present together with his book at the Post Office where payment is to be made.

Payment of a warrant is made only to the person named therein, or to the bearer of an order under his hand, signed in the presence of any officer of the Post Office other than the paying officer, a minister of any religious denomination, a Justice of the Peace, or, in case of sickness, the medical attendant.

Where the person to whom a warrant is made payable cannot write, he must, when he presents the warrant for payment, affix his mark to the receipt at the foot of the warrant in the presence of some person who is known to the paying officer, and who can identify the person applying for the money as the person named in the warrant.

Postmasters and other officers of the Postmaster-General employed in the receipt or payment of deposits, are strictly forbidden to disclose the name of any depositor, or the amount deposited or withdrawn, except to the Postmaster-General, or to such of his officers as are appointed to assist in carrying out the provisions of the Post Office Savings Banks Act.

## WITHDRAWALS BY TELEGRAPH AND BY RETURN OF POST.

A depositor may obtain payment from his account of any sum not exceeding £10 on the same day on which notice is given by defraying the cost of the necessary telegrams to and from the *Controller, Savings Bank, London.*

He may also, at a less cost for telegraphing, obtain payment from his account on the day after giving notice (*i.e.* by 'return of post') of any sum not exceeding £20. The return of post warrants are addressed to the depositor at the Paying Office "to be called for" unless other directions are given in the telegram of withdrawal.

Application for withdrawal by telegraph should be made between the hours of 9 a.m. and 4 p.m. (Saturdays 9 a.m. and 1 p.m.) at any Post Office Savings Bank which is also a Telegraph Office, but payment on the same day cannot be made at offices where telegraph business is restricted to the dispatch of telegrams.

Notice in the prescribed form must be given at the Post Office by the depositor in person, or by someone duly authorised on his behalf, and the deposit book must be produced at the time.

## INVESTMENTS AND SALES OF GOVERNMENT STOCK.

A depositor in the Post Office Savings Bank who desires to invest in Government Stock must send to the Controller of the Savings Bank Department, General Post Office, London, an application signed by him on a form to be obtained at any Post Office Savings Bank. Such investments can be made in Two and a Half per. cent. Consolidated Stock, Two and a Half per cent. Annuities, Two and Three Quarters per cent. Annuities (1905), or in Local Loans Three per cent. Stock.

Within seven days from the receipt of such application the depositor's account will be charged with the current price of the Stock purchased and the commission, the necessary entries being made in his deposit book; and the depositor will be credited in the Government Stock Register of the Post Office Savings Bank with the equivalent amount of Stock, and a certificate sent him.

The minimum amount of Stock which may be purchased or sold is one shilling, and not more than £200 Stock can be credited to an account in any year ending 31st December, or £500 Stock in all.

For an immediate investment in Government Stock a deposit to an amount not exceeding the value of £200 Stock with the commission may be made in one year ending the 31st December.

Dividends in respect of Stock standing to a depositor's credit will be carried to his deposit account.

A depositor who desires to sell the Stock standing to his credit, or part of the Stock, must send to the Controller of the Savings Bank Department, London, together with his deposit book and investment certificate, an application signed by him on a form obtainable at any Post Office Savings Bank.

Within seven days of the receipt of such application the sale will be effected at the current price of the day of sale, and a warrant will be sent the depositor for the amount realised, less commission.

The commission chargeable on investment, including the receipt of dividends, and on the sale of Stock, is 9d. for the first £25, and 6d. for every additional £25.

Particulars regarding *Stock certificates* may be learned at any Money Order Office.

## GOVERNMENT INSURANCE AND ANNUITY.

Any person between 14 and 65 years of age may insure his or her life for not less than £5 or more than £100. The lives of children between 8 and 14 years of age may be insured for £5.

If the amount of the annuity or insurance purchased is less than £100, further annuities and insurance may be purchased from time to time until the total amount is £100.

Immediate or deferred annuities of not less than £1, or more than £100, may be purchased through the Post Office on the life of any person over 5 years of age.

Forms of proposal for the insurance of lives and the purchase of annuities may be obtained at any Post Office Savings Bank.

Persons proposing to insure their lives or purchase annuities, must furnish a statement, giving full particulars of their age, upon a form which will be supplied by the Postmaster with the form of proposal.

If such statement can be verified by the Registrar-General, London, no further evidence of age will be required, but if not, proposers must provide, at their own cost, such certificates of birth or baptism, or other evidence of age, as shall be required of them.

When the age has once been proved, further contracts are granted without requiring any further evidence of age.

The premiums will be payable through the medium of Savings Bank deposit accounts, and will be accepted in addition to ordinary deposits and deposits for immediate investment in Government Stock.

An annuity or insurance contract is issued on payment of the purchase money if a single payment, or of the first annual premium in full. Provision can be made for the payment of premiums by increasing the money in the Bank by deposits of not less than 1s. at any Post Office Savings Bank, and by the use of the penny postage stamp slips, the provision can be made in sums of 1d. at a time.

So long as there is a sufficient sum standing to the credit of the deposit account, each premium will be deducted therefrom as it becomes due, without the depositor being troubled in the matter, and notice will be sent as evidence that the premium has been paid. If the balance in the account is insufficient to cover any premium due, the depositor will be informed accordingly, in order that he may make a deposit, which may be done at any Post Office Savings Bank. If desired, the premiums can be transferred from the account of any person other than the annuitant or insurant, with the consent in writing of the depositor.

### INSURANCES.

The following examples show various ways in which insurances may be effected:—

The life of a male or female between 24 and 25 years of age may be insured for £10—

| | |
|---|---|
| By an annual payment throughout life of . . . . . | £0 4 4 |
| By an annual payment to the age of 60 of . . . . . | 0 4 10 |
| By a single payment of . . . | 4 9 0 |

A sum of money may be insured on the attainment of the age of 55, 60, or 65 years, or sooner in the event of death, by the payment of a single or annual premium, and a sum of money may be insured at the expiration of 10, 15, 20, 25, 30, 35, or 40 years, or sooner in the event of death, by the payment of a single premium according to the age of the insured person.

Insurances for sums not exceeding £25 will be granted without a medical examination, upon production of satisfactory evidence as to health; but in such cases, if the insurant should die before the second premium becomes payable, the amount of the first premium, and no more, will be paid to his representatives; and if he should die after the payment of the second premium and before the third premium becomes payable, half the amount insured, and no more, will be paid to his representatives. In either of these cases, however, if it shall be proved to the satisfaction of the Postmaster-General that the death of the insured person was caused by accident, the full amount insured will be paid. In any case, immediately after the payment of the third premium, the insured person is entitled to the full benefit of insurance.

Persons proposing to insure for more than £25 must undergo a medical examination by a medical practitioner appointed by the Postmaster-General, the cost of which is paid by the department. And persons proposing to insure for sums not exceeding £25 may undergo a medical examination, if they so desire, by payment of a fee of 2s. 6d. to the medical examiner. In all cases of insurance granted after medical examination, the insured person is entitled to the full benefit of insurance immediately the policy is granted.

No one life can be insured for less than £5, and no insurance above £5 will be granted to persons under 15 years of age.

If, after having paid not less than two annual premiums, an insurant should be unable to continue or should desire to discontinue the payments, such sum of money as the National Debt Commissioners shall determine to be the surrender value will be returned.

Permission is granted to persons over 30 years of age, who have been insured 5 years, to reside in any part of the world free of any extra premium.

### ANNUITIES, IMMEDIATE AND DEFERRED (OLD AGE PAY).

*Premiums, with examples.*

The sums charged for the purchase of Immediate Annuities or Deferred Annuities, sometimes called Old Age Pay, vary with the age and sex of the person on whose life the Annuity is to depend, and in the case of Deferred Annuities with the number of years to pass before the commencement of the Annuity, and with the conditions of the contract as to the return or non-return of the purchase money.

The following are examples of the various classes of annuities and the cost:—

| | |
|---|---|
| A male aged 65 can purchase an Immediate Annuity of £1, payable half-yearly, for . . . | £9 13 4 |
| A female aged 70 can purchase an Immediate Annuity of £1, payable half-yearly, for . . . | 8 14 2 |

When the condition of a Deferred Annuity contract is that, in the event of the death of the person on whose life the Annuity is to depend before the commencement of the Annuity, the purchase money is to be returned to his representatives; and that if the purchaser at any time before the commencement of the Annuity wishes to discontinue the purchase, the purchase money shall be returned:—

| | |
|---|---|
| A female aged 24 may purchase a Deferred Annuity of £1, to commence on her reaching the age of 60, and to be payable half-yearly, either by an annual payment until she reaches the age of 60 of . . | £0 4 4 |
| Or by a single payment of . . | 5 4 11 |

When the condition of a Deferred Annuity contract is that no part of the purchase money shall, in any event, be returned:—

| | |
|---|---|
| A male aged 24 may purchase a Deferred Annuity of £1, to commence on his reaching the age of 54, and to be payable half-yearly, either by an annual payment until he reaches the age of 54 of . . | £0 4 4 |
| Or by a single payment of . . . | 3 19 10 |

Although in the case of annuities granted under the non-returnable scale no part of the purchase money paid can be returned, yet if the annuity is being purchased by annual instalments, and the purchaser is unable to keep up the payments to the end of the period for which the annuity is deferred, the money paid is not lost, as an exchange contract can be granted for such an amount of annuity, to commence at the time fixed in the original contract, as the payments made may justify.

*Joint Annuities.*

Any two persons may purchase an Immediate Annuity on their joint lives, with or without continuance of the annuity to the survivor.

*Life Certificates.*

Before any half-yearly instalment of an annuity can be paid, the person on whose life the annuity depends must be proved to be alive on the date the instalment becomes due. A form of life certificate for this purpose is provided by the department.

## TRUNK TELEPHONE LINES.

*Public Call Offices in Edinburgh.*—GENERAL POST OFFICE, open always. LEITH (Constitution Street), open from 7 a.m. to 10 p.m. STOCK EXCHANGE, open 10 a.m. to 5 p.m.; Saturdays to 2 p.m.

There is a Telephone Silence Cabinet at the General Post Office.

Communication by Telephone has been established between Edinburgh and the more important towns in the United Kingdom.

The Scale of Charges for three minutes' conversation is as follows:—

| | |
|---|---|
| For distance not exceeding 25 miles . | 3d. |
| For distances exceeding 25 miles and not exceeding 50 miles . . . | 6d. |
| For distances exceeding 50 miles and not exceeding 75 miles . . . | 9d. |
| For distances exceeding 75 miles and not exceeding 100 miles . . . | 1s. |
| For every additional 40 miles or fraction thereof . . . . . | 6d. |

Special rates are charged where Submarine or other specially expensive lines are used.

When the conversation originates on the system of the Post Office, and is with a person on the system of the National Telephone Company, or *vice versa*, the following additional charge is made:—

| | For 3 minutes. |
|---|---|
| When the Trunk Wire charge for three minutes' conversation does not exceed 1s. 6d. . . . | 3d. |
| When it exceeds 1s. 6d., but does not exceed 3s. . . . . | 4d. |
| When it exceeds 3s. . . . | 6d. |

The period of conversation for a single fee is limited to three minutes, but any person may secure the uninterrupted use of a Trunk line for six minutes by prepaying a double fee. A subscriber of the Post Office or of the National Telephone Company may continue a conversation demanded for three minutes for a second period of three minutes.

Further information regarding Telephone Service can be ascertained by applying to the Secretary, General Post Office.

## POST OFFICE TELEGRAPHS.

The charge for telegrams throughout the United Kingdom is 6d. for twelve words, and ½d. for every additional word. The names and addresses of the sender and receiver being counted.

Telegrams in plain language, in any European tongue or in Latin, are charged for according to the number of words; but all words, not forming part of any European language or of Latin, are charged for at the rate of five letters to a word.

Copies of a telegram directed to more than one person or firm in the same free delivery will be delivered at a charge of 2d. per copy in addition to a halfpenny for each word in the address of the copy.

When the terminal telegraph office, *i.e.* the office nearest to the address, is a Head Post Office, the amount paid for the transmission covers the cost of delivery within three miles, or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only.

When the address is beyond the free delivery, porterage is charged at the rate of 3d. per mile, or any part thereof, the charge being calculated from the office door.

The sender is responsible for the porterage, and when the address is not within the free delivery, he must, if practicable, state the distance and pay the porterage in advance.

If the sender requires his telegram to be forwarded by post or by train from the terminal office, he must write the words 'by post' or 'by train' at the end of the address, and in the latter case he must pay the cost, or deposit 1s. if the cost is not known. If the telegram is to be posted to a place abroad, he must write 'Post ——' at the end of the address, and prepay the postage.

A deposit for boat hire is required upon all telegrams addressed to a ship, unless the ship be alongside a wharf; any surplus is refunded.

Telegrams may be repeated at the request of the sender, by being signalled back from office to office, but no copy is given to the sender. The charge for repetition is one-half the ordinary tariff, a fraction of a halfpenny being reckoned as a halfpenny.

The sender should furnish his address, to enable the Department to communicate with him if necessary. When not telegraphed, it should be written on the back of the form.

If the receiver of a telegram doubts its accuracy, he may have it repeated by depositing half the amount paid for its transmission. Should it be found that the telegram has been incorrectly transmitted, the amount paid will be refunded, or the receiver may have part of it repeated under the same conditions, but the minimum charge is 3d.

The cost of a reply to a telegram, not exceeding forty-eight words, may be prepaid; and a Reply Form will then be delivered to the addressee, who will be at liberty to send his reply, from any telegraph office, at any time within two months. If the Form be not used, it may within the same period be sent to the Secretary, G.P.O., and the value will be refunded to the sender. A Reply Form need not necessarily be used for a reply, but may be used to prepay any message.

Telegrams re-directed to a second address are liable, if any additional service is performed, to an additional charge of 6d. if the two addresses are within the same town, but if the addresses are in different towns the full inland rate is charged. Removals are registered free for one month when this is especially requested; and instructions for the re-direction of Telegrams at hours when the place of business is closed are registered on payment of £1, 1s. per annum; but in both these cases the telegrams are subject to the usual charges for re-direction and porterage.

Persons not wishing to send to a telegraph office may post a telegram, addressed 'Telegram—Immediate,' in a wall or pillar box, or in the letter-box of a sub-post office. Telegrams may also be posted not enclosed in covers. Telegrams so posted are sent on to the nearest telegraph office by the next collection. The period of arrival at the postal telegraph office is regarded as the time of receipt from the public.

Telegrams posted insufficiently prepaid are forwarded to their destination, the difference of charge being obtained from the addressee; but unpaid telegrams are not forwarded.

No combination of words is counted as one word, with the exception of those which are ordinarily coupled by hyphens, such as 'mother-in-law,' 'non-delivery,' 'fifty-one,' etc.

Certain exceptional names, such as O'Neil, MacDonald, De la Rue, are charged for as single words. So, too, are names with the prefix 'St,' as St Pancras, but double names like Bouverie-Tracy, although written with a hyphen, are counted as two words. Such abbreviations as 'can't,' 'don't,' 'shan't,' are counted as single words.

Figures are counted at the rate of five to a word; and in fractions according to the number of figures employed, one figure being counted for the mark of division,—thus ½ is one word, and 246½ two words. In groups of figures a stop or oblique stroke is counted as a figure.

The symbols *o/o*, *a/c*, *b/l*, and *c/o* are each counted as a word.

Ordinal numbers are charged in the same way as cardinal, with the addition of one word for the affix *st*, *nd*, *rd*, *th*.

When a group of figures is followed or preceded by a letter, thus 123*a*, the letter is counted as a word.

The sender may have any instructions, such as 'private,' 'confidential,' 'to be opened at once,' or the like, written on the outside of the envelope of the message. The instructions will be charged for as part of the message.

Telegrams addressed to a Telegraph Office to be called for are kept for two days. If not applied for within that time, they are sent to the Chief Office of the country to which the telegram is addressed.

Any person may register an abbreviated address on payment of the fee of 21s. a-year. The address must consist of two words, one of which is the name of the town or place of delivery.

Telegraph offices are, as a rule, open from 8 a.m. to 8 p.m., and from 9 a.m. to 10 a.m. on Sundays. There are, however, offices in several of the larger towns which are open longer; and at various offices in London and in the country the attendance is continuous.

G.P.O., EDINBURGH, ALWAYS OPEN.

## FOREIGN TELEGRAMS.

Foreign telegrams are divided into two kinds—telegrams in plain language and telegrams in secret language. Those in plain language are composed of words, figures, and letters conveying an intelligible meaning. Those in secret language are divided into two classes, viz. code and cypher.

Code telegrams are those composed of words, the context of which has no intelligible meaning. Proper names are not allowed in the text of code telegrams, except in their natural sense; words of more than ten letters are not allowed. Only English, French, German, Italian, Spanish, Portuguese, Dutch, and Latin may be employed; but words of any or all of these languages are allowed in the same telegram.

Cypher telegrams are those containing series or groups of figures having a secret meaning. Telegrams consisting of groups of letters are not accepted, but groups of letters denoting commercial marks are allowed, and charged for as figures.

The address of the telegram must be paid for, and must not consist of less than two words, a name and town. Example: Hercules, Bombay.

The address of the sender is charged for, if transmitted; in any case, it must be written at the foot of the form.

In telegrams written in plain language the length allowed for a word is 15 letters; any additional letters are charged for at the rate of 15 letters to the word.

Every separate letter or figure is charged for as a word. In European telegrams, every group of five figures or letters is counted as a word, larger groups being counted at the rate of five to a word, plus one word for any excess. In Extra European telegrams, groups of figures are counted at the rate of three to a word, plus one word for any excess. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

Ordinary compound words and names written without break are counted as single words. If joined by a hyphen, or separated by an apostrophe or other sign of punctuation, they are counted as so many separate words. Compound numbers written in words and without break are also counted as single words, and limited as in the case of letters. The name of the place and country of designation in the addresses of telegrams are charged for as one word each, when so written by the sender, whatever their length.

A telegram addressed to several persons in the same town, or to the same firm at different localities in the same town, is charged for as a single telegram, and a sum of 5d. must be prepaid for every extra copy to be delivered if the number of chargeable words does not exceed 100; an additional sum of 5d. being charged for every additional 100 words or part of 100 words. In calculating the charge, all the names and addresses are included; but telegrams of this kind are not accepted for transmission by the routes of the North Atlantic cable companies.

Telegrams may be sent from one place to another abroad by post. If the telegram be intended for delivery in the same country no charge for postage is made. If intended for delivery in another country and has to be forwarded over sea, a charge for postage is collected; and if the telegram is to be posted as a registered letter a fee of 5d. is collected from the sender.

### RATES FOR FOREIGN TELEGRAMS.

(7.) The stamp used for any of the following instruments; that is to say—

(*a.*) An instrument executed by any party thereto, but afterwards found to be absolutely void from the beginning:

*Allowance, how to be made.*—§ 11. In any case in which allowance is made for spoiled or misused stamps the commissioner may give in lieu thereof other stamps of the same denomination and value, or if required, and they think proper, stamps of any other denomination to the same amount in value, or in their discretion, the same value in money, deducting therefrom the discount allowed on the purchase of stamps of the like description.

On any *pension* or *annuity* by *Indian Government*

---

*a.* The Inland Revenue Office, No. 10 Waterloo Place, Edinburgh, is open for the allowance of spoiled stamps every day except Saturday, from 10 A.M. to 4 P.M. (Saturday, 10 to 12). The distributors and sub-distributors of stamps, and certain postmasters, also receive spoiled stamps for allowance.

A supply of forms of affidavit is kept at the Inland Revenue Office, and by the distributors, sub-distributors, and certain postmasters; and claimants may attend at the Inland Revenue Office, the office of a distributor, sub-distributor, or authorised postmaster and have the affidavits taken; or they may take the oath before a justice of the peace, and shortly afterwards lodge the affidavits and the stamps with any of the above officers. If not brought within ten days or a fortnight afterwards the stamp will not be allowed without a fresh affidavit. A ticket is issued stating when application is to be made for settlement. If application be not made within the stated time, the claim will be forfeited.

The stamps must be presented for allowance *within two years* after being signed or spoiled. In all cases the stamps must be delivered up to be cancelled.

to widow or child of a deceased officer of such Government.

Treasury may remit duty on *art, or scientific collections* appearing to them of national, scientific, or historic interest, given for national purposes, or to a university, or county council or municipal corporation.

Where *husband or wife* entitled, solely or jointly, to income of property settled by the other under a disposition taking effect before 2nd August 1894, and on his or her death survivor becomes entitled to the income of the property settled by such survivor, duty is not payable in respect of that property until the death of the survivor.

Estate duty is not payable on the deceased's death in respect of moveable property settled by a will or disposition made by a person dying before the 2nd August 1894, in respect of which property, inventory, or account duty has been paid, or is payable, unless in either case deceased, at the time of his death, or at any time since the will or disposition took effect, had been competent to dispose of the property.

Secs. 14 and 15 of the Finance Act, 1896 (59 and 60 Vict. c. 28), exempts from duty property simply reverting to a disponer after life interests created by him; also where a husband is entitled by law to the rents of his wife's real property, and he dies in her lifetime, such property is not to be deemed to pass on his death, by reason of the rents reverting to the wife.

### Aggregation—Estate by Itself.

All property *passing* on a death to form one estate, on which duty to be levied at the proper graduated rate on principal value. Property to be aggregated, and duty thereon levied not more than once on the same death. *Provided* that property in which deceased never had an interest, or which, under a disposition not made by him, passes immediately on his death to some person other than wife, husband, lineal ancestor or lineal descendant of deceased, is to be an *estate by itself*, on which duty payable at proper graduated rate. But if any benefit under a disposition not made by deceased is reserved or given to wife, husband, lineal ancestor, or lineal descendant of deceased, such benefit to be aggregated for determining rate of duty.

*Small estates not exceeding £1000 net.*—Where net value of property, heritable and moveable, exclusive of property settled otherwise than by the will of the deceased, does not exceed £1000, such property is not to be aggregated with any other property, but is to form an *estate by itself*.

### Settled Property—Settlement Estate Duty.

Where property liable to duty is settled by will of deceased, or having been settled by some other disposition, passes under it on death of deceased to some person *not competent to dispose thereof*, a further duty, called settlement estate duty, is payable on the principal value, except where the only life interest in such property after deceased's death is that of the husband or wife of deceased, or where the disposition took effect before 2nd August 1894. Property in which wife or husband of deceased takes an estate of terce or courtesy, or other like estate, is to be treated as property settled by will of deceased.

*Provided*—(*a.*) Estate duty and settlement estate duty are not payable twice under the same settlement, unless deceased at his death was, or at any time during continuance of settlement had been, competent to dispose of the property;

(*b.*) Where the interest of any person under the settlement fails or determines by reason of his death before it becomes an interest in possession, and subsequent limitations under the settlement continue to subsist, the property is not deemed to pass on his death;

(*c.*) *Ad valorem* stamp duty on settlement may be deducted from settlement estate duty;

(*d.*) Settlement estate duty not payable where lands or chattels are so settled by Act of Parliament or royal grant that no one of persons entitled in succession can alienate the same;

(*e.*) Settled property does not include property held under entail.

### Persons Liable—How Payable.

*Executor or Intromitter—Inventory.*—Every person who, as executor, nearest of kin, creditor, or otherwise, intromits with, or enters upon the possession or management of, any personal property wheresoever situate, of which deceased, at his death, was *competent to dispose*, is to pay the duty thereon, on exhibiting and recording in the proper Sheriff Court, within six months of the death, an inventory (or additional or corrective inventory) of deceased's estate, and may pay, in like manner, the duty on any other property passing on such death, which, by virtue of any testamentary disposition of the deceased, is under his control, or in the case of property not under his control, if the persons accountable for the duty thereon request him to make such payment. He may state on inventory that he does not know amount or value of certain property which passed on the death, and undertake, as soon as ascertained, to pay duty thereon, and any further duty payable by reason thereof on the other property in the inventory.

*Other persons liable.*—Where executor not liable for duty, every person to whom any property passes for any beneficial interest in possession, and also, to the extent of the property actually received or disposed of by him, every trustee, tutor, curator, judicial factor, or other person in whom any interest in the property, or the management thereof, is at any time vested, and every person, in whom the same is vested in possession by alienation or other derivative title, is liable therefor, excepting one who acts merely as agent for another in the management.

### Value—Deductions—Repayment.

The principal value of property is the price which, in the opinion of the commissioners, it would fetch if sold in the open market at the time of deceased's death. The value is to be ascertained by the commissioners in such manner, and by such means, as they think fit.

Debts and Funeral Expenses.—Allowance against the gross principal value is made for reasonable funeral expenses, and for debts and incumbrances (including debts secured on heritage) incurred or created by the deceased *bonâ fide* for full consideration in money or money's worth, wholly for his own use or benefit, and taking effect out of his interest.

No allowance can be made for any debt in respect whereof there is a right to reimbursement from any other estate or person, unless such reimbursement cannot be obtained.

### When Due—Additional Duty—Interest.

*Due.*—The duty which is to be collected on an inventory or account is due on the delivery thereof

or at the expiration of six months from the death, whichever first happens.

*Income.*—Every estate is to include all income accrued upon the property down to the date of deceased's death.

*Additional duty.*—Duty is, in the first instance, calculated at the appropriate rate according to the value of the estate, as set forth in inventory or account, but if afterwards it appears that for any reason too little duty has been paid, the additional duty is payable, and is treated as duty in arrear, unless a certificate of discharge delivered.

*Heritable estate.*—The duty upon an account of heritable property may, at the option of the person delivering the account, be paid by eight equal yearly instalments or sixteen half-yearly instalments, with interest at the rate of 3 per cent. from the date at which the first instalment is due, and the first instalment is to be due at the expiration of twelve months from the death, and the interest on the unpaid portion of the duty is to be added to each instalment and paid accordingly; but the duty for the time being unpaid, with such interest to the date of payment, may be paid at any time, and, in case the property is sold, is to be paid on completion of the sale, and if not so paid, is to be duty in arrear.

*Interest.*—Interest at the rate of 3 per cent. per annum is payable on estate duty from the date when the duty is due, or if the duty is payable by instalments from the date when the first instalment is due.

*Small estates.*—Interest is not charged on fixed duties of 30s. or 50s. if paid within twelve months of death.

*Payment postponed.*—Commissioners, when satisfied that duty on any property cannot, without excessive sacrifice, be raised at once, may postpone payment for such period, to such extent, and on payment of such interest, not exceeding 4 per cent. or any higher interest yielded by the property, and on such terms as they think fit.

### Composition for Death Duties.

Where from number of deaths on which property passed, or complicated interests of different persons therein, or other causes, it is difficult to ascertain amount of death duties (estate, inventory, temporary estate, legacy, and succession duties), or to do so without undue expense, commissioners on application, and all information being supplied, may assess such sum on the value of the property or interest as, in the circumstances, appears proper, and accept payment thereof in full discharge of all claims for death duties in respect of such property, and give a discharge accordingly. Discharge not to cover case of fraud or failure to disclose material facts.

### Form of Inventory, etc.—Penalties.

Executor, or other accountable person, failing to render all appropriate accounts and statements, renders himself liable to a penalty of £100, or a sum equal to double the duty unpaid for which he is accountable, according as commissioners elect, with power to commissioners to reduce penalty.

*Forms.*—All inventories, accounts, certificates, statements, etc., to be in such form and contain such particulars as may be prescribed, and, if so required by commissioners, shall be in duplicate, and accounts and statements shall be delivered and verified on oath and by production of books. Any person wilfully failing to comply with this enactment to be liable to the penalty above.

The following further provisions apply to inventories under (2):—

The commissary-clerk or sheriff-clerk may require such proof as he may think sufficient to establish the identity of the executor or other applicant for representation; and if he has reason to believe that the value of the whole estate exceeds £500, he shall refuse to proceed until satisfied as to the real value.

The husband or wife of the deceased is not chargeable with duty. If the legatee's husband or wife is of nearer consanguinity than the legatee, duty is payable according to such nearer relationship. (16 & 17 Vict. c. 51, § 11.)

This duty is payable for every legacy out of the personal or moveable estate, or out of any personal estate the deceased has power to dispose of, and (*in the case of a deceased dying before 1st July* 1888) upon every legacy out of or charged upon the real or heritable estate of the deceased, or out of any moneys to arise by the sale, mortgage, or other disposition of the deceased's real or heritable estate, or any part thereof, or out of heritable estate, subject to his power of disposal: Also for the clear residue (after deducting debts, funeral expenses, legacies, and other charges first payable thereout) of the personal or moveable estate, whether the title to such residue shall accrue by virtue of any testamentary disposition, or upon a partial or total intestacy; and (*in case of a deceased dying before 1st July* 1888) for the clear residue of the moneys to arise from the sale, mortgage, or other disposition of any real or heritable estate, directed to be sold, mortgaged, or otherwise disposed of by any will or testamentary instrument. Such duties, in respect of *real or heritable estate*, to cease in the case of persons dying on or after the 1st July 1888, and in lieu thereof the duties payable under the Succession Duty Act, 1853, and the additional duty under the Act 51 Vict. c. 8, shall be payable (51 Vict. c. 8, § 21 (2).)

Annuities commencing to be payable on the death of persons dying after 19th May 1853 are valued for legacy duty according to tables annexed to the Succession Duty Act (16 and 17 Vict. c. 51); annuities commencing to be payable previous to that date, by the tables annexed to the Legacy Duty Act (36 Geo. III. c. 52).

Where the testator or intestate died before 1st June 1881, duty is not exigible on legacies or residues under £20; but if a legatee take two or more legacies under any testament, which shall together be of the amount of £20, each shall be charged with duty, though each or either may be separately under that amount. See 44 Vict. c. 12, § 42. Also, where the value of the whole of the personal estate of any person dying after 24th March 1880 does not amount to £100, no duty shall be chargeable in respect thereof, or of any portion thereof. (43 Vict. c. 14, § 13.)

The legacy duty presumptively payable upon an interest in expectancy may be commuted for a present payment. (43 Vict. c. 14, § 11.)

The Commissioners of Inland Revenue have power to accept a composition for legacy duty under a will. (44 Vict. c. 12, § 43.)

Duty on legacies and residues in arrear—interest thereon at the rate of 4 per cent. is payable. (31 and 32 Vict. c. 124, § 9.)

Where a full and true account containing all material facts has been rendered, liability for duty to cease after six years from settlement of account. (52 Vict. c. 7, § 14.)

Estates not exceeding £300, and deceased dying on or after 1st June 1881—payment of fixed duty of 30s. on inventory to be in full of claim to legacy duty on estate to which such inventory relates. (44 Vict. c. 12, § 36.)

Printed forms and regulations for payment of the legacy duty may be obtained gratis, on application at Legacy Duty Office, Inland Revenue, Edinburgh; and at the offices of distributors of stamps in the country.

## SUCCESSION DUTY.

(16 and 17 Vict. c. 51; 51 Vict. c. 8, §§ 21 and 22; 52 Vict. c. 7, §§ 10–12, 14, and 15; and 57 and 58 Vict. c. 30, § 18 (1).)

The duty commenced on the death of persons dying after the 19th May 1853, and seems to be imposed on all property, both heritable and moveable, passing by death, not liable to the duty on legacies and successions to personal estate upon intestacy—the duty imposed by the Legacy Duty Acts.

The duty on Heritable Property is charged on the capital value when the successor is competent to dispose (Finance Act 1894, § 18), after allowance of the necessary outgoings, and in other cases as an annuity for the life of the successor (§ 21), which is to be valued by tables annexed to Act.

Personal Property is liable to duty according to the value of the succession; and money charged on heritage—heritable securities—is charged as personalty (§ 1).

The Rates of Succession Duty are the same as on Legacy Duty.

The following are also *exemptions* from the succession duty:—

1. Succession from the same predecessor, passing on any death, not amounting in principal value to £100 (§ 18).
2. Legacies and personal property charged with legacy duty in respect of the same acquisition (*ib.*).

Duty on successions in arrear—interest thereon at the rate of 4 per cent. is payable. (31 and 32 Vict. c. 124, § 9.)

*Note.*—Forms of the accounts for legacy and succession duties may be obtained at the Estate Duty Office, Edinburgh; and at the offices of distributors of stamps in the country.

(See also Estate Duty, p. 1113.)

(*Ib.* § 12.)

The duty to be under the care of the Commissioners of Inland Revenue. (*Ib.* § 13.)

The duty to be a first charge on property, and the parties accountable for the duty are the body corporate or unincorporate and every accountable officer. (*Ib.* § 12.)

(2.) The account shall be made in such form, and shall contain all such particulars as the commissioners shall, by any general or special notice, require, or as shall be necessary or proper, for enabling them fully and correctly to ascertain the duty due; and every accountable officer hereinbefore made answerable for payment of duty in respect of any property chargeable under this Act shall be answerable also for the delivery to the commissioners of such full and true account as aforesaid of and relating to such property. (*Ib.* § 15.)

Persons answerable may retain moneys for payment of duty. (*Ib.* § 16.)

The commissioners may assess duty according to accounts rendered, or may obtain other accounts. (*Ib.* § 17.)

In the case of any proceeding in any Court for the administration of any property chargeable with duty under this Act, such Court shall provide out of any such property in its possession or control for the payment of the duty to the commissioners. (*Ib.* § 20.)

Full Prospectus, with Rates for Endowment Assurances payable at Ages 50, 55, or 65, and other Tables on application.

## NON-FORFEITABLE POLICIES.

TABLES II., IV., V., and VI.—The Non-Forfeitable Policy Scheme of this Company has contributed very largely to its success. The advantages of the system are:—

I.—The number and total amount of the Annual Premiums to be paid is fixed before the Policy is issued, the Policy Holder therefore has the satisfaction of knowing that his Premiums will cease at a given date, no matter how long thereafter he may live.

II.—In almost every case the representatives of the Policy Holder receive back from the Company a very much larger sum than has been paid in Premiums. Thus, at age 20 (Table IV.), Twenty Annual payments of £11, 7s. 1d. (amounting in all to only £227 1s. 8d.) will secure £500 at death, with share of profits in addition.

III.—In event of the Assured desiring to discontinue the Policy, he is entitled, at any time during its currency, after two annual Premiums have been paid, to claim a *free paid up Policy* for whatever proportion of the total sum assured is represented by the number of Premiums previously paid. Thus, if 2 Premiums were originally contracted for, and 5, 10, or 15 only had been paid, the *free Policy* would be for 5, 10, or 15 twentieths of the original Assurance, and in addition the full bonus vested in the Policy.

Policies cannot lapse through omission to pay the Premium, if the cash surrender value is sufficient for the purpose.

## ENDOWMENT ASSURANCE.

TABLES V., VI.—There can be no doubt that at the present time what are known as Endowment Assurance or Investment Policies are the most popular. They have all the advantages of NON-FORFEITABLE conditions as explained above, with the further special attraction that the full sum assured, with bonuses, is payable to Assured himself on his reaching age 60, or whatever other age has been agreed on, or to his representatives in event of earlier death. *Young Men* will find this one of the best forms of Assurance yet devised. It combines ordinary Assurance with Investment of Savings at compound interest as a provision for old age. It does not result in loss, as even if the Policy has to be surrendered, there will in almost every case be given in exchange a free paid up Policy for more than the total amount of the Premiums paid. For example, at age 20 (Table VI.) a Policy for £500 payable at age 60 or previous death would cost £9, 11s. 8d. per annum. Suppose this is carried on for years and then surrendered, the Company would give in exchange for it a Policy in same terms as original Assurance but free from further payments for £125, being nearly £[illegible] more than the total Premiums paid.

'IMMEDIATE' BONUS Policies participate in the profits divided from the date of issue.

'DEFERRED' BONUS Policies participate in the profits of their own section after the Ordinary Whole Life Premiums paid accumulated at 4 per cent. interest equal the sum assured.

None of the Company's Policies lapse through accidental omission to pay the renewal premium, if they possess an unclaimed cash surrender value sufficient to meet the payment. The Policies are thus practically non-forfeitable.

## Life Assurance Society

ESTABLISHED 1826

*FUNDS, £4,600,000* *CLAIMS PAID, £7,500,000*

MUTUAL ASSURANCE

LARGE BONUSES. All With-Profit policies in the Society are increased yearly by Bonus Additions, ranging at last Declaration from £1, 15s. to £3, 18s. per cent. on the original sums assured. The sums in the older policies are accordingly much more than doubled. For example, a policy for £2000 effected in 1845 amounted at last Declaration to £4674, and continues to participate still further in profits.

LOW PREMIUMS. The Society's system of Minimum Premiums admits of a large assurance from the outset at a specially low rate. For example, at age 30, a policy of no less than £1326 can be effected under this system for the same premium of £25, 17s. 6d. that is required for an ordinary With-Profit policy of £1000, thus practically securing an Immediate Bonus of over 30 per cent.

DEPOSITORS with this Company possess SECURITY of a high character. The Funds are lent over HERITABLE PROPERTIES WITHIN SCOTLAND. The Loans are, on the average, moderate in amount, and in very many cases are repayable by instalments, so that the margin of security is being steadily increased.

In addition to these Investments, the Company's UNCALLED CAPITAL, amounting to £170,000, furnishes a valuable Guarantee to Depositors; while the RESERVE FUND, amounting to £26,500, which is separately invested in BANK OF ENGLAND STOCK and CONSOLS, affords a still further substantial Security.

The Rate of INTEREST allowed on Deposits varies from 2 to 3½ per cent., according to the term for which the money is lodged.

BORROWERS will find the Company's arrangements simple and equitable. Parties are assisted in the Purchase of HOUSES or SHOPS for their own occupation, for which purpose the Company's system of accepting repayment *by instalments* is specially commended to Householders. The Rates for Instalment Loans have recently been reduced.

Borrowers do not, in virtue of obtaining Loans, become Members of the Company, and they incur none of the responsibilities of Shareholders. No Commission or Fines charged.

# LAUNDRY.

## HOUSE OF MERCY, ST. CATHARINE'S CONVENT,

## 4 LAURISTON GARDENS,

## EDINBURGH.

SPECIAL ATTENTION.—The Sisters of Mercy who conduct this LAUNDRY—opened Twenty-three Years ago, and now enjoying extensive patronage from Families resident in Edinburgh, Schools, and Hotels—solicit further Orders. Terms moderate. Printed Price List to be obtained by application to the REVEREND MOTHER SUPERIOR at above address.

The Van collects and returns Washings in all parts of the City and Suburbs.

The **House of Mercy** has been established to board, lodge, and train as domestic servants, girls who have no home or proper protection. Numbers of girls are being lost daily for want of those safeguards which a respectable home ensures, and which are so necessary for a girl in a city like Edinburgh. Those only who visit the very poorest and lowest localities can know the terrible dangers and temptations by which such girls are surrounded. It is idle to deplore the number of those who fall, and who, besides losing their own souls, bring many others to ruin, if strenuous efforts are not at the same time made to avert this evil. The SISTERS, therefore, confidently appeal to the charitable for assistance in a work which, they venture to think, can have no small claim on their sympathy and support.

*Annual Subscriptions, however small, and Donations of Money, Food, or Clothes, will be thankfully acknowledged by the Reverend Mother Superior, who will be happy to show Visitors over the Laundry on Thursdays and Fridays.*
